challenge.

Rise
to your

international.unsw.edu.au

Achieve your ambitions.

Your full potential is waiting to be discovered and at UNSW we're committed to helping you achieve something unique and extraordinary.

Through hands-on learning and original thinking, you will be inspired to develop and grow – as you build towards your future career.

And that's the case whether you are on campus or taking advantage of the hundreds of digitally delivered programs we offer.

We are passionate about ensuring all our graduates have both the theory and practical experience they need to do incredible things around the globe.

Learning from academics that are recognised as global leaders in their fields and working in world-class facilities, you will interact with industry leaders and apply the latest research in the real-world.

Whatever your own personal challenge, we'll help you rise to it and enjoy success.

So join us on campus or via digital learning. Together we can make a difference.

UNSW is on Aboriginal land.

UNSW acknowledges the Bedegal, Gadigal and Ngunnawal people who are the Traditional Custodians of the land upon which our campuses stand.

Turn your ambition into a career.

UNSW's extensive career and academic development services can help you gain practical workplace skills, obtain professional experience and develop a plan for global career success.

UNSW Student Academic and Career Success

Employers seek well-rounded graduates who can demonstrate relevant studies, work experience and extra-curricular involvement. UNSW's dedicated Student Academic and Career Success (SACS) team helps students gain practical workplace skills, connect with industry and develop a plan for global career success. Career Development Learning Facilitators along with Academic Language Learning Facilitators and English language support are available to you throughout your degree to help you become career ready. You can attend free seminars, access online resources or book a one-on-one careers appointment. You'll also have access to career support up to 18 months after completing your degree. For more information, visit careers.unsw.edu.au

Professional Development Program for International Students

As an international student, you can take advantage of a Professional Development Program tailored to give you hands-on experience in a professional workplace. The program includes a three-day seminar covering topics such as business communication, employer expectations and recruitment processes. You also have the opportunity to complete a 50-hour workplace experience in offices located throughout UNSW.

- > Get hands-on experience and confidence in a professional setting
- > Improve your job application and interview skills
- > Learn about employer expectations in the Australian workplace
- > Improve your business communication and business writing skills

For more information, visit student.unsw.edu.au/pdp

International Students Careers Week

A week of seminars, panels and online events highlights the global opportunities available to international students. You can meet with international employers, create beneficial networks, and learn valuable recruitment tips from employers and alumni. For more information, visit student.unsw.edu.au/careers-week

Internships

UNSW offers internships through Work Integrated Learning (WIL) opportunities as part of many of our degrees. These opportunities can be credited towards your degree, giving you valuable insights into your industry's workplace culture. WIL provides you with specific work experience as part of your degree. Check with your Faculty Student Centre for full details of what is available, or visit wil.unsw.edu.au

Careers Expo

Held twice a year, the UNSW Careers Expo is a chance for students to meet and discuss potential employment and internship opportunities with over 100 participating employers, including BHP Billiton, Shell, Commonwealth Bank of Australia, Deloitte, HSBC, Microsoft, IBM Australia, and many more. For more information, visit student.unsw.edu.au/expos

International Student Employability Guide

This employability guide is designed specifically for UNSW international students. It provides tips on how you can become more employable and includes the resources and programs available to you as a UNSW student. For more information, visit student.unsw.edu.au/international-student-careers

Offshore networks

UNSW maintains offices in China, India and Indonesia as well as staff posted around the world in North America, Europe, Africa, and South East Asia. Our overseas staff have relationships with leading industry partners to promote the UNSW brand and ensure insights from companies around the world inform our programs. For more information, visit international.unsw.edu.au

Professional skills programs

Employers expect graduates to have strong analytical and problem-solving skills, which are vital in many industries. Gathering information, analysing it, communicating with others, utilising logic and imagination and working well in a team are all skills that help solve problems. UNSW will help you enhance your skills thanks to programs such as Interchange and UNSW Hero Program which require students to consider and address real world business issues. For more information, visit student.unsw.edu.au/programs

Sydney, one of the world's best cities.

Sydney. It's one of the best. And that's not just according to us. It's rated as the third most liveable city in the world*.

What makes it so great? Well, take a look. With a stunning harbour and year-round amazing weather, it's easy to see why people fall in love with it.

But Sydney is more than just a pretty face. It offers countless business and career opportunities, it's Australia's financial and economic powerhouse, plus it's a multicultural, global city.

There's always something to do in Sydney, and UNSW is right in the heart of it all. Come join in.

Sydney downtown

Take a break from the books.

There's always something fun and exciting happening in Sydney to take your mind off your studies - from concerts in the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala.

Or if you're more into sport, there are top class sporting events including cricket, soccer and rugby. We even have our own football here called Aussie Rules.

For the more artistic visitors, there are eclectic theatre productions, local and international music acts, and arts and culture exhibitions to keep you entertained and inspired all year round.

And if you just want a cup of coffee and a quiet place to sit, Sydney's café culture is hard to beat.

Get amongst the fun in Sydney
whatson.cityofsydney.nsw.gov.au

Bondi Beach, Sydney

Feel safe and welcome.

G'day. Hello. Hi. How's it going? Get used to Australians greeting you like this. It's how we do it here. Aussies are known for being friendly and you'll find a smile wherever you go. Plus, Sydney was ranked fifth safest city in the world in 2019**.

It's a multicultural city full of people from all over the world. So, it will feel like a home away from home, no matter where you're from. And the best bit about living in a multicultural city? The food. You can find any food you want here. There's Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach.

Bring your appetite. You'll need it.

Jumpstart your career connections in the business capital of Australia.

Sydney is home to more global firms than any other Australian city. And as a gateway to Asian economies, you'll find many valuable networking opportunities to help you stand out in the global job market.

**Economist Intelligence Unit Safe Cities Index 2019

Sydney Harbour Bridge during Vivid Sydney light festival

Sydney on a budget.

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney.

Pop into a free art gallery, catch a movie at the local cinema, set off on a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs.

Explore Sydney's surroundings.

Sydney is all about the outdoors. And it's more than just beaches.

Grab a picnic and head to one of the beautiful public parks for a barbecue with friends. Or if you're up for a daytrip or weekend adventure, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway. And of course, there are those beautiful beaches to the east.

Fall in love with Sydney
international.unsw.edu.au/sydney-worlds-best

*Economist Intelligence Unit's Global Liveability Index, 2019

Here's a little taste of what you'll find in Sydney.

The best bits.

Sydney is the 9th best student city in the world. QS Best Student Cities Index, 2019

Sydney has an average of 236 days a year with sun.

31.7% of Sydney's population is born overseas.

There are over 100 beaches in Sydney.

There are over 250 languages spoken in Sydney.

The Sydney Harbour Bridge is also called "the coat hanger".

The Sydney Opera House hosts 40 events a week.

Live in the heart of it all.

UNSW has the best of Sydney right at its doorstep. The city centre and its global businesses are just a short light rail trip away. Or if you need a break from the books, the beaches at Bondi and Coogee are not far from campus. Up for some sightseeing? The famous Sydney Opera House and Sydney Harbour Bridge are so close you can see them as many times as you like.

Plus, there are plenty of food options off-campus with China Town, Thai Town, Spice Alley and more only a bus ride away.

All this and more is easy to get to thanks to Sydney's public transport system. There are trains, buses, ferries and light rail options at all hours of the day. And if you want to make the most of this beautiful city, jumping on a bike or walking will help you take it all in at your own pace.

But what about getting to the main campus? Easy. There's a new Light Rail network that's making it even easier to get to UNSW. Plus, there are 1,700 buses to and from Central station every week.

Scholarships. For the brightest minds.

We offer a number of scholarships and sponsored awards to high achieving international students. If you are applying for an undergraduate coursework degree, our scholarships and awards are a fantastic opportunity for you to gain financial support while studying.

Quadrangle Building and lawn

> International Scientia Coursework Scholarship

Value

The scholarships will be offered as one of the following:

- **Offer 1:** Full tuition fee scholarship
- **Offer 2:** A\$20,000 per annum tuition fee scholarship for the minimum duration of the program

Non-financial benefits

Recipients of the scholarship may also be offered the following:

- Guaranteed 'fast-track' application and interview for on-campus accommodation at a UNSW Kensington College
- Invitation to UNSW networking events
- Guaranteed entry to the UNSW Professional Development Program
- Ceremony to award the scholarship

Selection criteria

Each applicant will be assessed on their ability to demonstrate:

- Academic merit
- Leadership skills (school, workplace or community)
- Extracurricular activities (sporting, cultural activities, volunteer/work experience)
- Reasons for undertaking studies at UNSW

> Australia's Global University Award

Non-financial benefits

Recipients of the award may also be offered the following:

- Invitation to UNSW networking events
- Invitation to attend the Award Ceremony

Selection criteria

Each applicant will be assessed on their ability to demonstrate academic merit

> UNSW Global Academic Award

UNSW Global offers a range of academic and English language pathway programs to international students who have just missed out on direct entry into university.

Students who successfully complete a UNSW Global Foundation Studies program and intend to progress to a UNSW bachelor degree are eligible for the UNSW Global Academic Award.

Non-financial benefits

Recipients of the Award may also be offered the following:

- Invitation to UNSW networking events
- Invitation to attend the Award Ceremony

Selection criteria

Each applicant will be assessed on their ability to demonstrate academic merit

My scholarship has given me a platform to focus more on my studies and obtain a marketing internship which is relevant to my course and thus adds significant value to my overall profile.

– Saurabh Kaura,
Master of Commerce - International
Business, Economics & Finance

Innovative thinkers. World-class researchers.

Established in 2018, the Founders Program has seen some outstanding results

- > 20,000+ individuals have participated in entrepreneurial activities and events in organised by the Founders Program team
- > 400+ startups and teams supported
- > 230+ mentors engaged as advisors to startup entrepreneurs
- > 20+ Hackathons with industry partners and faculty
- > 43% of our startups have female co-founders, compared to the industry average of 23%

WHERE GREAT MINDS COME TOGETHER

We transform clever ideas and research discoveries into successful innovations to benefit society, the economy and future generations.

We conduct research across a wide range of areas, investing where we believe we can make the biggest difference, such as:

- **Solar power (photovoltaics):** We broke the record for the conversion efficiency of a silicon solar cell, and we are home to one of the world's fastest solar-powered cars.
- **Clean drinking water:** We created membrane filtration technology to filter water that is now used in taps around the world.
- **Population Ageing:** We are developing economic and health policy frameworks for government and industry to sustainably manage this global challenge.
- **HIV/AIDS:** Since diagnosing Australia's first case of HIV, we have been involved in the development of every existing antiretroviral HIV drug.
- **The world's first quantum computer:** Using silicon, we are one of the global leaders in the race to build a quantum computer.
- **Recycling:** We have revolutionised recycling by delivering critically needed innovations to help manage the world's waste.

One of the country's largest research communities with approximately 4,500 dedicated research students.

The Torch Innovation Precinct brings together industry, entrepreneurs, investors, and policy makers from around the world. These networks allow us to facilitate the transition from innovation to research and development to realisation.

12 Australian Research Council Centres of Excellence.

Your entrepreneurial journey starts here.

UNSW offers Australia's most comprehensive university entrepreneurship program graduating the highest number of Australian startup founders. You will be primed for future success by developing entrepreneurial confidence throughout your student experience – both within your studies and through involvement with the specialist UNSW Founders Program.

UNSW Founders is a university-wide program available to students, staff and alumni. It is designed to embed entrepreneurial skills and knowledge into your university experience, while also supporting exceptional entrepreneurial talent.

An inclusive mindset underpins the development and delivery of UNSW Founders' wide-ranging initiatives which aim to inspire, nurture and educate everyone, whether you're completely new to entrepreneurship, or an experienced founder. With one-on-one coaching, interactive workshops, pre-accelerator and accelerator programs, and access to cutting-edge facilities, UNSW Founders clearly signposted journey can take you from foundational classes in entrepreneurial mindset right through to launching your startup into the global marketplace.

The Founders Program fast-tracked our growth by putting us in touch with industry experts and mentors that have been crucial to our product development and business strategy. We've gained not only exposure to the startup industry as a whole, but it has made us think more globally and aspire to expand into the larger US market in the future. The funding, office space and resources provided have been invaluable to us succeeding on our journey.

– Vanessa Zhao, Co-founder, Yellowbox UNSW Founders 10x Accelerator, Cohort 4, 2019

Places to live.

Room to grow.

UNSW has among the largest student housing capacity in Sydney with award-winning accommodation on and off campus. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends. Alternatively, find your own home in the neighbouring Eastern Suburbs or by the beach.

Accommodation at UNSW

Colleges

Colleges provide a choice of full board, partially catered, and self-catered accommodation. There is also a range of gender-specific options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

Apartments

Apartments offer independent-style living for undergraduates, postgraduates, couples, and families with children. There are apartments on and off campus and costs vary depending on the number of rooms and the location.

You should organise your university accommodation early as places book up quickly. Go to accommodation.unsw.edu.au for information about accommodation on the UNSW Campus.

Private accommodation options

Rental property

There are many private rental properties in the suburbs surrounding UNSW. Costs vary according to the number of bedrooms, the condition and location. When renting, you usually sign a six or 12 month lease and pay rent in advance plus a security deposit called a bond. You can rent a furnished or unfurnished property and generally there will be additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from A\$250 – A\$350 per student per week in a shared house or apartment.

Homestay (full board and room-only)

Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person, plus breakfast and dinner. Some also include bed linen, a laundry service, and weekly room cleaning. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You will be responsible for buying your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from A\$250 - A\$350 per student per week. Search our database of locally listed private properties at studystays.unsw.edu.au

Temporary accommodation

If you haven't confirmed your university accommodation before you arrive, we recommend you allow three to four weeks before classes begin to look for private housing, settle in, and attend orientation sessions. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from A\$45 to A\$300 per day.

Private student housing assistance

UNSW's International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation isn't available when you apply. The service is available at the start of each term. For more information, visit student.unsw.edu.au/housing-assistance

Under 18s

Arrangements must be made for students under 18 years of age. These requirements are in line with Australian Government regulations for the care and welfare of international students under 18. For more information, visit student.unsw.edu.au/visa18

Colleges	Configuration	Catering	Internet	Private bathroom (ensuite)	Weekly rate (2020)

*Costs will vary depending on the type of accommodation and catering offered.

A place to make new friends.

UNSW has a village atmosphere that will make you feel at home.

UNSW Library Lawn

Social activities

Make the most of your time here and see some of Australia's natural wonders, take a weekend trip to the Blue Mountains, the Royal National Park or Hunter Valley, go whale-watching, surfing and more.

Religious centre

We welcome students from all religious backgrounds to our interfaith religious centre. Chaplains conduct services and studies and offer spiritual counselling.

Staying safe

Student safety is our number one priority. We provide 24/7 security services and have an app to help: StaySafe@UNSW. Get the details at international.unsw.edu.au/life-at-unsw

Whitehouse near UNSW Village

Campus life

Walk to the beach. Tram to the city. Hang out on campus.

Campus facilities

You'll find dozens of cafes and restaurants, banks, ATMs, a post office, supermarket, food cooperative, pharmacy, medical centre, dentist, libraries, a fitness and aquatic centre, sports fields and courts!

Study areas

We've got indoor computer labs and outdoor study areas so you can find the right vibe to suit your study style. Our outdoor areas have power outlets to charge your devices, and our whole campus has free Wi-Fi.

Student Association, Clubs and Societies

Arc is our student association run by students for students. With over 300 clubs and societies, you'll find a group that's right for you! Get amongst it. arc.unsw.edu.au

Ainsworth building

We're here for you - every step of the way.

Our students tell us we are one of the friendliest universities in Australia with many support services you can rely on. We have a range of support and development services to assist you from the time you arrive through to your graduation.

Arrival support

From picking you up at the airport, running new arrival workshops and taking you on campus tours, our dedicated International Student Welcome Centre will make sure you feel welcome, safe and well connected.

Making friends and settling in

New students can apply to be matched with a Cultural Mentor before they arrive in Australia. Your Cultural Mentor could be an international or Australian student. The program introduces new international students to a senior student 'buddy' who will answer questions about UNSW and Sydney before you arrive. After you arrive, you can meet up with your mentor to learn about Australian culture, customs, and being a student at UNSW.

UNSW has many other mentoring programs in faculties and the wider UNSW community. There are also a number of Cultural Transition programs including Culture of Oz, the Language Exchange Program, the Discussion Group and more.

International Student Advisors

UNSW's International Student Advisors are always here to help you with personalised advice and information about all aspects of your university life, your student visa, your wellbeing, and your academic performance. Advisors also run our Under-18 Care Program, supporting younger students throughout their study.

For more information, visit student.unsw.edu.au/international

Academic support

As a UNSW Sydney student, you will have access to free online resources, academic skills workshops, individual consultations with Academic Language & Learning Facilitators, exam preparation advice, and more. UNSW has a dedicated Learning and Careers Support Hub, located right in the middle of campus, which caters to all students' academic support needs.

For more information, visit student.unsw.edu.au/skills

Make your studies work for you.

The innovative UNSW3+ academic calendar gives you the flexibility to choose your own study plan.

UNSW3+ features three standard 10-week teaching terms plus an optional five-week summer term. You only need to enrol once annually which allows you to fully plan your entire academic year.

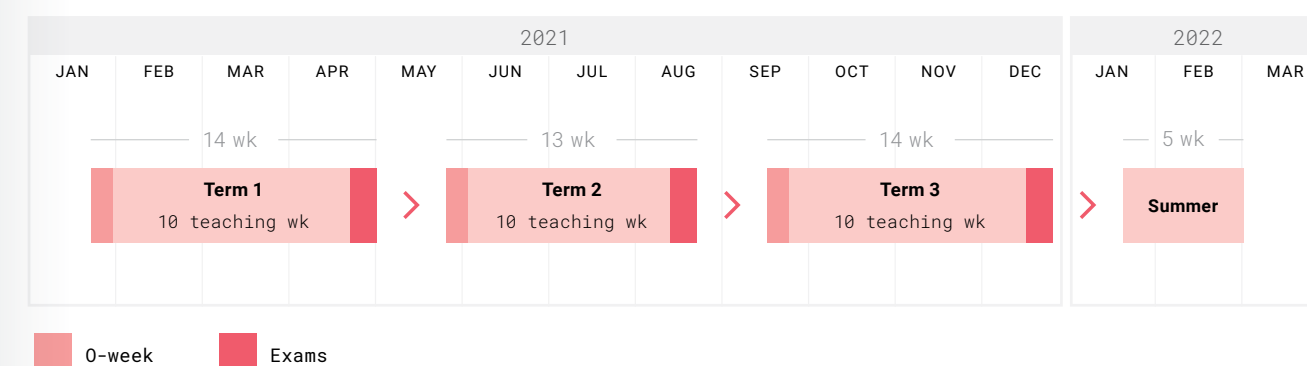

A standard study load is 8 courses (48 Units of Credit) per year spread over three terms.

With UNSW3+ you can schedule a lighter study load of just two courses during one term to suit your needs, or complete nine courses per year to free up time for an extended internship. You can even apply to pick up an additional course in the summer term if you just want to get ahead.

Plan your study

The UNSW Academic Calendar allows you to shape your study to suit your needs, giving you the opportunity to pursue the experiences you want to have both in and outside the classroom.

UNSW3+ academic calendar

Basser steps

The major benefits of the UNSW 3+ academic calendar are:

- > Studying a maximum of three courses per term ensures you have time to gain deeper knowledge of each subject.
- > Flexibility to get involved in activities outside of your studies, to undertake an internship, or build your networks to make you more employable.
- > Better alignment with international university calendars so you can add global experiences into your studies more easily.

In 2021, a number of degrees will have three intakes - Term 1 (February), Term 2 (June) and Term 3 (September).

Check the UNSW Degree Finder at degrees.unsw.edu.au for up-to-date information on UNSW Degrees and their term intake.

The UNSW3+ calendar dates for 2021 and beyond can be found at student.unsw.edu.au/calendar

UNSW3+ has given me the flexibility to choose fewer courses per term which lessen my academic load and allows more opportunities for me to focus on developing essential industry skills and participate in a wide range of seminars and workshops outside the university.

– Prasanth Pratthigadapa,
Master of Engineering Science
specialising in Transport
Engineering

Studying online with UNSW

Studying online means you'll receive world-class education... anywhere. You will have the flexibility to study where it suits you, while still receiving the same high standard of teaching as if you were on campus.

We offer hundreds of online programs that are interactive and provide you the opportunity to connect with teachers and fellow students throughout your online studies. Some of the many benefits of studying online are:

Flexibility

You can attend classes from wherever you are. Online learning helps to balance professional and/or personal commitments which means you have the flexibility to study at the times you work at your best. You save time by not needing to travel to classes on-campus, making post-graduate study, while working full-time, more achievable than ever before.

Management of study time

You have more control over the time you spend studying.

Connections and networks

Through the digital environment, you connect with world-class lectures and other students and form valuable networks and communities - both locally and globally.

Support

Being an online student doesn't mean you are isolated. Student support is only a call or email away and your dedicated Student Success Advisor is always available.

Global knowledge

You continue to be informed and access UNSW's global knowledge.

For more information or to browse through our online degrees, visit online.unsw.edu.au

Discover the right postgraduate program for you.

With nine faculties and almost 200 degrees, UNSW has the right program for you.

Art & Design

Build confidence in your creativity. Supported by our open community, you will become ready for a thriving creative career.

Top ranking in Art & Design

Immerse yourself in Australia's top creative faculty* where you will develop future-proofed creative, conceptual and professional skills in an interdisciplinary environment.

Connected to industry

Belong to our world-class creative community. Take up professional experience opportunities with over 1,000 industry partners and graduate as part of our celebrated graduate network.

Dedicated creative community

Become a groundbreaking maker on our creative campus in Paddington, which gives access to an unmatched array of studios, workshops, digital labs and expert support staff.

*UNSW is the only institution to consistently be rated well above world standard in the field of Creative Arts and Writing in the Australian Research Council's, Excellence in Research Reports.

| Creative directors | Industrial designers | |

Curating and Cultural Leadership

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production and other emerging aspects of this field. The programs are customisable and include an industry-based project at masters level, allowing you to build your skills and professional networks.

Areas of study

Curating | focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership | includes museum management, public programming and engagement, education, policy, critical writing, promotion, production and new emerging roles. It emphasises the fluid boundaries between all of these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

Master of Curating and Cultural Leadership

Program code 9318
CRICOS code 082201A
Duration 1, 1.7 or 2 years
Entry February and September
Estimated first year tuition A\$37,200

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different duration:

2 Year Program (96 UOC)

A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

1.7 Year Program (72 UOC)

A recognised bachelor degree in a related field conferred within the last 10 years with at least a credit average (65%) or equivalent. This provides admission into the 1.7-year program (72 UOC).

1 Year Program (48 UOC)

An honours degree in a related field conferred within the last 10 years. This provides direct admission to the advanced one-year program (48 UOC).

Related fields include Art History, Art Theory, Art Curating, Art Education, Museum and/or Heritage Studies, Cultural Heritage Materials Conservation, Design Education, Humanities, including English Literature, Cinema Studies.

Graduate Diploma in Cultural Leadership

Program code 5312
CRICOS code 082202M
Duration 1 year
Entry February and September
Estimated tuition A\$37,200

Entry requirements

A recognised bachelor degree in any field, or a Graduate Certificate in Cultural Leadership with at least a credit average (65%).

Graduate Certificate in Cultural Leadership

Program code 7318
CRICOS code 082203K
Duration 0.7 years
Entry February and September
Estimated tuition A\$18,600

Entry requirements

A recognised bachelor degree in any field.

Applicants without a bachelor degree may be admitted to the Graduate Certificate on a case-by-case basis by the Program Director, on the basis of a continuous history of employment in an art related field.

I like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume.

—
Evena Wong, Malaysia
Master of Design

Design

The Design programs are interdisciplinary, industry-engaged and focus on the role of design in innovation and the global economy. You will integrate technology, design thinking, conceptual exploration, strategy and communication with practical skills, developing your professional and practical design knowledge to an advanced level.

Areas of Practice

You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses:

Graphic Communication | addresses graphic design for paper and print, the screen and broadcast, encompassing contemporary typography, graphic design and cross-cultural communication strategies in designing for different audiences.

Spatial Experiences | engages with the design of processes, services, events and environments, with a focus on the quality of the user experience.

Interaction and User Experience (UX) Design | covers visual communication and user-experience across graphics, media and emergent interactives.

Visualisation and Visual Effects | focuses on the practices of designing for animation, 3D, sound, film, video, illustration and computing.

Future Making: Materials and Objects | focuses on the making of objects with new materials, digital technologies and craftsmanship. It addresses the integration of technical knowledge and skills with material and contextual understanding. Future Making works with ceramics, jewellery, metal, textiles, furniture and lighting.

Master of Design

Program code 9313
CRICOS code 082198B
Duration 1, 1.7 or 2 years
Entry February, June and September
Estimated first year tuition A\$37,200

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Design has three entry points with different duration. Students may also articulate into the Master of Design upon completion of the Graduate Certificate in Design with a credit average (65%).

2 Year Program (96 UOC)

A recognised bachelor degree or honours degree with at least a credit average (65%) or equivalent, conferred within the last 10 years. The bachelor degree can be in any field. Applicants who apply from non-related fields will be admitted on successful assessment of a submitted portfolio. This provides admission into the two-year program (96 UOC).

1.7 Year Program (72 UOC)

A recognised bachelor degree in a related field conferred within the last 10 years with at least a credit average (65%) or equivalent. This provides admission into the 1.7 year program (72 UOC).

1 Year Program (48 UOC)

An honours degree in a related field conferred within the last 10 years. This provides direct admission to the advanced one-year program (48 UOC).

Graduate Diploma in Design

Program code 5306
CRICOS code 082199A
Duration 1 year
Entry February, June and September
Estimated tuition A\$37,200

Entry requirements

A recognised bachelor degree in any field, conferred within the last 10 years, or a Graduate Certificate in Design with at least a credit average (65%).

Graduate Certificate in Design

Program code 7306
CRICOS code 082200B
Duration 0.7 years
Entry February, June and September
Estimated tuition A\$18,600

Entry requirements

A recognised bachelor degree in any field conferred within the last 10 years.

Applicants who apply with a bachelor degree completed more than 10 years ago can be admitted to the Graduate Certificate in Design where they have 5 or more years professional experience in a design or media-related field since graduation.

Applicants without a bachelor degree may be admitted to the Graduate Certificate in Design on a case-by-case basis by the Program Director, on the basis of a portfolio of work and professional experience.

Design Portfolio Requirements

As noted in the entry requirements of each design program, depending on the level and nature of your prior qualifications, you may be required to submit a portfolio. Portfolios are submitted with your online application and must include the following:

1. A 10-page digital portfolio of original design work with critically reflective text.
2. A cover letter explaining your interest in UNSW and the degree as well as your interests, achievements and experience.
3. Verified evidence of professional experience in a design or media-related field.
4. A two page resume that details your experience in, or related to design including contact details for two referees.

Visualisation, Simulation, and Immersive Design

Equip yourself to become a future-ready design leader, capable of understanding and meeting the growing demand of immersive practices across a multitude of industries. The Visualisation, Simulation & Immersive Design programs offer a unique human-centric, design-led approach focusing on human perception and experience. You will learn how, why, when and where to effectively utilise simulation and immersive platforms including VR, AR and MR.

Visualisation, Simulation, and Immersive Design programs are designed to accommodate busy professionals and combines on-campus and online delivery. For more information, visit artdesign.unsw.edu.au/MVSIID

Master of Visualisation, Simulation, and Immersive Design

Program code 9322

CRICOS code 099986A

Duration 1.7 years

Entry February and September

Estimated first year tuition A\$38,550

Entry requirements

- A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. Given that the program enables practitioners from a wide range of industry sectors, entry is not dependent upon a degree cognate with the creative disciplines.

Applicants without a bachelor degree may be admitted to the Graduate Certificate in Visualisation, Simulation, and Immersive Design on a case-by-case basis by the Program Director, on the basis of a portfolio of work and professional experience.

Recognition of Prior Learning (RPL) may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 30 UOC). RPL will not be considered for core courses and the capstone course.

Graduate Certificate in Visualisation, Simulation, and Immersive Design

Program code 7322

CRICOS code 099994A

Duration 0.7 years

Entry February and September

Estimated tuition A\$19,500

Entry requirements

- A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. Given that the program enables practitioners from a wide range of industry sectors, entry is not dependent upon a degree cognate with the creative disciplines.

Applicants without a bachelor degree may be admitted to the Graduate Certificate in Visualisation, Simulation, and Immersive Design on a case-by-case basis by the Program Director, on the basis of a portfolio of work and professional experience.

Recognition of Prior Learning (RPL) may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 12 UOC). RPL will not be considered for core courses.

Research areas:

Our Faculty research community features internationally recognised strengths in contemporary art and design practice, media arts, immersive interactivity, art and ecology, creative robotics, art and society, curating, and cultural leadership.

Research institute

- National Institute for Experimental Arts – NIEA

Research centres and laboratories

- Expanded Perception and Interaction Centre - EPICentre
- iCinema Centre for Interactive Cinema Research
- Contemporary Culture, Art & Politics – CCAP NIEA
- Laboratory for Innovation in Galleries, Libraries Archives and Museums - iGLAM
- National Creative Robotics Laboratory
- 3D Visualisation Aesthetics Laboratory

Research groups

- The Sound and Materials Research Group
- Interactive Media Lab
- The Environmental Research Initiative for Art – ERIA
- Cicada Press
- Research into Experimental Design: Objects – RED Objects
- The Drawing Research Group

- The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 & 105 for further information or contact us on international.grs@unsw.edu.au

Research programs

UNSW Art & Design's strengths in research culture lie in transdisciplinary explorations of theory and practice at the intersections of art, design and media arts. With a passionate commitment to engaging with contemporary social, cultural and environmental issues, our key research areas include immersive interactivity, creative robotics, fine arts, 3D visualisation, curating and cultural leadership, experimental sound, visual anthropology and arts and health.

Master of Fine Arts by Research

Program code 2245

CRICOS code 009493A

Duration 1.5 – 2 years

Entry February, June and September

Estimated first year tuition A\$36,960

Entry requirements

An appropriate four-year bachelor degree with Honours from UNSW; or an equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee.

Master of Philosophy – Art, Design and Media

Program code 2267

CRICOS code 056686B

Duration 1.5 – 2 years

Entry February, June and September

Estimated first year tuition A\$36,960

Entry requirements

An appropriate four-year degree or UNSW bachelor degree with lower second honours or higher; or an equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee.

Doctor of Philosophy – Art, Design and Media

Program code 1292

CRICOS code 082747M

Duration 3 – 4 years

Entry February, June and September

Estimated first year tuition A\$36,960

Entry requirements

An appropriate four-year bachelor degree with First or Upper Second Class Honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Arts & Social Sciences

Tackle the big issues facing the world today, make sense of complexity and be rewarded by channelling your passion into action. Deep thinking across broad subject matter will feed your whole mind and a hands-on approach will give you the skills you need to positively impact societies and communities.

Top 50 in the world

Your learning will be influenced by educators who are professionals in their field, including acclaimed researchers, novelists, journalists, composers and musicians. This enriching teaching experience is reflected in the 2020 QS World University Rankings by Subject – 34th in the world for Social Sciences and 42nd in the world for Arts & Humanities.

Harness technology

Access the latest technologies to prepare you for workplaces of the future. Gain hands-on experience with current technologies, sophisticated software and state-of-the-art equipment including using 360 cameras to develop virtual reality documentaries, Swivl video technology to reflect on your classroom learning and eye tracking equipment to explore how language is used.

Applied Linguistics

Master of Applied Linguistics

Program code 8236
CRICOS code 083248M
Duration 1, 1.7 or 2 years
Entry February, June and September
Estimated first year tuition A\$36,480

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students who want to use linguistic knowledge to solve language related problems and help to remove barriers of cross-cultural communication. The study of linguistics can be applied across a range of diverse fields from working with migrant communities to helping others increase their opportunities through language acquisition and skilled communication.

Entry requirements

There are three durations of study:

2 Year Program (96 UOC)*

- Bachelor degree (or equivalent qualification) with a record of academic achievement equivalent to a credit average of (65%).

1.7 Year Program (72 UOC)

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a credit average (65%); or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a credit average (65%), plus one year of relevant professional experience.

**Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.*

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a distinction average (75%).

Relevant disciplines include:

Linguistics, Languages, TESOL, Cognitive Science, Speech Pathology, Interpreting, Translation, and Health Sciences.

Relevant professional experience includes:

Work in a language-related area including teaching English as a second or foreign language or a language other than English, translating, interpreting, curriculum design, and other appropriate language professions.

Development Studies

Master of Development Studies

Program code 8942
CRICOS code 083236D
Duration 1, 1.7 or 2 years
Entry February and September
Estimated first year tuition A\$36,480

The Master of Development Studies is an interactive degree that provides specialist studies in international development at the local, national and global level. Alongside a team of academic staff who are at the forefront of national and international development practice, you will take a hands on approach to understanding issues surrounding human rights, social justice and community development.

Entry requirements

There are three durations of study:

2 Year Program (96 UOC)*

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of credit average (65%).

1.7 Year Program (72 UOC)

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience.

**Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.*

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include:

Social Sciences, Humanities, Business, Economics, Law, Public Health, Psychology/ Psychological Science, Communications, and Social Work.

Relevant professional experience includes:

Work or volunteer experience in community, social and economic development, social research and policy, public health, the environment, displacement, poverty alleviation, human rights, and advocacy-based programs and projects. This can be developed through working for relevant organisations including non-governmental, social service, community-based, philanthropic, United Nations, or inter-governmental agencies or local, state, and federal governments departments.

Education

The Master of Education will enhance your career options and give you the skills you need to progress into a specialist field of education or leadership role. The degree is designed for existing education professionals and offers seven areas of specialisation.

Specialisations

- Curriculum and Assessment
- Educational Psychology
- Educational Studies
- Gifted Education
- Higher Education
- Special Education*
- TESOL (Teaching English to Speakers of Other Languages)

* International students may be restricted from taking this specialisation due to professional practice requirements. Please contact education@unsw.edu.au for further details.

Note: Due to the availability of courses each term, certain specialisations within this program may not be able to be completed full-time. Contact the School of Education for further details at education@unsw.edu.au

Master of Education

Program code 8910
CRICOS code 000947D
Duration 1 year
Entry February and September
Estimated tuition A\$36,480

Entry requirements

- A recognised bachelor degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or

- A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in New South Wales (NSW).

For students seeking a primary or secondary teacher qualification, please see Master of Teaching (Secondary) (8926) and Master of Teaching (Primary) (8925).

Professional accreditation

These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

Graduate Certificate in Education

Program code 7401
CRICOS code 082792F
Duration 0.7 years
Entry February and September
Estimated tuition A\$18,240

Entry requirements

- A recognised bachelor degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or

- A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in New South Wales (NSW).

Professional accreditation

These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

Educational Leadership

The Master of Educational Leadership provides aspiring and current educational leaders with an understanding of theory, research and practice in educational leadership. You will gain the ability to apply disciplinary principles and practices to new or complex educational environments, be encouraged to share research and experiences with other students and specialise in any of a wide range of electives.

Master of Educational Leadership

Program code 8960
CRICOS code 000949B
Duration 1 year
Entry February and September
Estimated tuition A\$36,480

Entry requirements

- A recognised bachelor degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or

- A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in NSW

Professional accreditation

These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

Graduate Certificate in Educational Leadership

Program code 7960
CRICOS code 068874K
Duration 0.7 years
Entry February and September
Estimated tuition A\$18,240

Entry requirements

- A recognised bachelor degree and a postgraduate teaching qualification (e.g. Graduate Diploma in Education or Master of Teaching); or
- A four-year pre-service teacher education qualification, including professional experience, equivalent to the qualifications required for graduate teacher status in NSW.

Professional accreditation

These programs are endorsed by the NSW Education Standards Authority (NESA) as registered professional development.

Environmental Management

The Master of Environmental Management is ideal for people who are passionate about the environment and societal issues. You will learn about the social and cultural drivers behind contemporary environmental issues and will have the expertise to form an understanding of how ecological crises interact with meaning, knowledge, values, politics and ethics.

Master of Environmental Management

Program code 8623
CRICOS code 080063M
Duration 1, 1.7, or 2 years
Entry February, June* and September
Estimated first year tuition A\$38,160

- Bachelor degree (or equivalent qualification) in a relevant environmental discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience.

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

^Relevant experience will also be considered for admission. In special circumstances, students who do not have the relevant qualifications may be considered for admission into the Graduate Certificate. In these cases, credit level performance in the Graduate Certificate may lead to articulation with the Graduate Diploma and the Master programs. Please also refer to information regarding articulation rules.

**June entry is only available for the 1.7 and 1 year streams*

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Environmental Science, Policy, Humanities, Sociology, Planning, Management, etc.

Relevant professional experience includes: Environmental officer, planner, manager or similar in government or for catchment authorities; environmental consulting, reporting, assessment, monitoring and evaluation/auditing; environmental outreach or education, research assistant or associate on environmental themes; NGO or international organisation environmental campaign manager.

Graduate Diploma in Environmental Management

Program code 5499
CRICOS code 033894F
Duration 1 year
Entry February and September
Estimated tuition A\$38,160

Entry requirements

A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to UNSW credit average (65%).

Graduate Certificate in Environmental Management

Program code 7339
CRICOS code 033884G
Duration 0.7 years
Entry February and September
Estimated tuition A\$19,080

Entry requirements

A recognised bachelor degree (or equivalent qualification) in any discipline.

International Relations

Master of International Relations

Program code 8233
CRICOS code 083232G
Duration 1, 1.7 or 2 years
Entry February and September
Estimated first year tuition A\$36,480

The Master of International Relations is an advanced specialist degree that recognises the complexity and the globalised nature of today's world. This degree is specifically designed to advance your understanding of global politics and foreign policy. You will explore areas such as international security, great-power rivalry, regional conflicts, nuclear proliferation, global environmental politics, civil conflict, human rights, gender politics, international political economy and development.

Entry requirements

There are three durations of study:

2 Year Program (96 UOC)*

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%.

1.7 Year Program (72 UOC)

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Social Sciences, Humanities, Business, Economics, Law, Public Health, and Communications.

Relevant professional experience

includes: Either paid or volunteer work (including internships) undertaken in federal government agencies/departments, intergovernmental agencies, international agencies or institutions, non-governmental organisations, or private research bodies. The work undertaken must relate directly to international issues or concerns (e.g. foreign policy, defence and national security, global policy issues and trade).

Journalism and Communication

Master of Journalism and Communication

Program code 8237
CRICOS code 095804M
Duration 1 or 1.7 years
Entry February and September
Estimated first year tuition A\$36,480

The Master of Journalism and Communication is an innovative, interdisciplinary degree that produces industry-ready journalists and communication professionals who have the necessary skills to reimagine media and shape a positive world. You will learn how to harness technology and gain specialist knowledge of the social, economic and political role of media in Australia and internationally to give you a competitive edge in a fast-evolving industry.

Entry requirements

There are two durations of study:

1.7 Year Program (72 UOC)*

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of

academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience.

*Students who are eligible for the 1 year program are permitted to study the 1.7 year program.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include:

Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, and Law.

Relevant professional experience includes:

Work in the public relations, advertising, journalism, or media and communication sectors; or at least one year of workplace experience at management level.

Public Policy and Governance

Master of Public Policy and Governance

Program code 8259
CRICOS code 083243E
Duration 1, 1.7 or 2 years
Entry February and September
Estimated first year tuition A\$36,480

The Master of Public Policy and Governance applies a social science perspective to real-world questions of policy, research and management in modern organisations. We prepare you for roles that require research and analytical skills and a practical appreciation of the processes of policymaking and implementation. You will have the opportunity to specialise in a policy area of your choosing, with expert teaching staff working in the fields of refugee policy, education, disaster management, ethics and public policy.

Entry requirements

There are three durations of study:

2 Year Program (96 UOC)*

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%.

1.7 Year Program (72 UOC)

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant

discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience.

**Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.*

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include:

Social Sciences, Humanities, Business, Economics, Law, Public Health, Communications, Social Research and Policy, and Social Work.

Relevant professional experience includes:

Working in the public sector, unions, business organisations, research/policy institutes, or third-sector organisations.

Public Relations and Advertising

Master of Public Relations and Advertising

Program code 8282
CRICOS code 095811A
Duration 1 or 1.7 years
Entry February and September
Estimated first year tuition A\$36,480

The Master of Public Relations and Advertising merges contemporary theory and academic rigour with creativity, digital innovation and practical industry skills. You will be taught by leading professionals and explore ways to develop innovative public relations and advertising strategies so you can reimagine media and help shape the world you want to see.

Entry requirements

There are two durations of study:

1.7 Year Program (72 UOC)*

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; or

- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

1 Year Program (48 UOC)

- Honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); or
- Bachelor degree (or equivalent qualification)

in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience.

**Students who are eligible for the 1 year program are permitted to study the 1.7 year program.*

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include:

Arts, Design, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, and Law.

Relevant professional experience includes:

Work in the public relations, advertising, journalism, or media and communication sectors; or at least one year of workplace experience at management level.

Master of PR and Advertising/Design

Program code 8234
CRICOS code 094951G
Duration 2 – 3 years
Entry February and September
Estimated first year tuition A\$37,050

The Master of Design and Master of Public Relations and Advertising double degree will equip you to think critically and innovatively in developing PR and advertising strategies as well as design and digital media practice. This is an ideal double degree for industry professionals who want to advance their career in advertising or design and gain the depth of knowledge needed to shape the future of the media industry.

Entry requirements

There are two durations of study:

2 Year Program (96 UOC)

- Honours degree or graduate diploma in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65%; or

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65%, plus one year of relevant professional experience

3 Year Program (144 UOC)

- Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average of 65%; or

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%, plus one year of relevant professional experience

- Honours degree or graduate diploma in any discipline with a record of academic achievement equivalent to a credit average of 65%.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Design and Creative Arts.

Relevant professional experience includes:

Work in design, creative arts, innovation, marketing, public relations, advertising, journalism, media and communication sectors.

Teaching

Master of Teaching (Secondary)

Program code 8926
CRICOS code 073442C
Duration 1.7 years
Entry February
Estimated first year tuition A\$54,720

The Master of Teaching (Secondary) is an accelerated secondary teacher degree, enabling you to become eligible for employment after only 1.3 years of full-time study. You will learn innovative teaching methods that link practice with theory including advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation (available only for English, Mathematics, Music and Visual Arts) from the method courses listed.

Method courses

- Aboriginal Studies
- Biology
- Business Studies
- Chemistry
- Chemistry/ Biology
- Drama (Theatre and Performance Studies)
- Earth and Environmental Science
- Economics
- English
- English as an Additional Language or Dialect (EAL/D)
- Geography
- Graphics and Multimedia Technology
- History – Ancient
- History – Modern
- Languages: French, German, Spanish, Chinese, Indonesian, Japanese and/ or Korean
- Legal Studies
- Mathematics
- Music
- Physics
- Society and Culture
- Visual Arts

Entry requirements

- Applicants require an appropriate bachelor degree from a recognised institution with adequate background studies in relevant teaching discipline/s. The guidelines for entry are based on the NSW Education Standards Authority (NESA) subject content requirements.

• Students are encouraged to assess their eligibility by reading through the Master of Teaching (Secondary) Information Pack at unsw.to/secondary

- The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study is also required.

Professional accreditation

This program is accredited by the NSW Education Standards Authority (NESA).

Master of Teaching (Primary)

Program code 8925
CRICOS code 099104G
Duration 1.7 years
Entry February
Estimated first year tuition A\$54,720

The theories you learn in your Master of Teaching (Primary) can be applied directly to the classroom. You will learn innovative teaching methods derived from our industry-shaping research and gain the skills needed to teach across the six key learning areas. You will be based in primary schools for two days a week for the first year, working with primary age students and taught by experienced primary teachers as well as university staff.

Entry requirements

- Applicants require an appropriate bachelor degree from a recognised institution with adequate background studies in relevant teaching discipline/s. The guidelines for entry are based on the NSW Education Standards Authority (NESA) subject content requirements.

- Students are encouraged to assess their eligibility by reading through the Master of Teaching (Primary) Information Pack at unsw.to/primary

- Entry into the Master of Teaching (Secondary) requires an average mark of 60% or higher.

Key Learning Areas (KLA) include:

- English (literature, communications, linguistics, creative writing, media studies)

- Mathematics (pure or applied maths)

- Science and Technology (agriculture, architecture, biology, biotechnology, chemistry, computing studies, design - interior, industrial, graphics, fashion, product, landscape (2 units only), design and technology, engineering, geology,

earth and/or environmental science, materials science, medicine, nursing, physics, psychology)

- Human Society and its Environment (Aboriginal studies/languages, anthropology, archaeology, Asian or Pacific studies, economics/business studies, cultural studies/sociology, geography/environmental studies, government and citizenship, history, legal studies, political science, studies of religion)

- Creative Arts (dance, drama, music, visual arts, fine arts)

- Personal Development, Health and Physical Education (physical education, family studies, sports science, health studies, human movement, nutrition)

NB: All graduates will be qualified to teach across the curriculum and will also have a specialisation in a KLA.

The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study is also required.

Professional accreditation

This program is accredited by the NSW Education Standards Authority (NESA).

Translation and Interpreting

Master of Interpreting and Translation

Program code 8204
CRICOS code 083246B
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$37,530

The Master of Translation and Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge, practical skills and certification to work as a professional translator and interpreter in Australia and internationally.

Courses are offered – in combination with English - in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish.

Entry requirements

Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%) and an advanced level of bilingual proficiency.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Master of Interpreting

Program code 8202
CRICOS code 083233G
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$37,950

then paraphrase the speaker's words into another language. This requires understanding of both languages and the topic being interpreted.

Courses are offered – in combination with English - in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish.

Areas of specialisation covered in this degree include legal, medical, business, community and conference interpreting.

Entry requirements

Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%) and an advanced level of bilingual proficiency

The Master of Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge, practical skills and certification to work as a professional interpreter in Australia and internationally. Interpreters listen to a speaker in one language and

Master of Translation

Program code 8203
CRICOS code 083234F
Duration 1 or 1.7 years
Entry February, June and September
Estimated first year tuition A\$36,480

The Master of Translation, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge, practical skills and certification to work as a professional translator in Australia and internationally. Translators interpret written text from a source language and use their knowledge of language, culture and context to translate this text into a new language.

Courses are offered – in combination with English - in Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish.

Areas of specialisation covered in this degree include legal, medical, business, community and conference interpreting.

Entry requirements

There are two durations of study:

1.7 Year Program (72 UOC)

Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%) and an advanced level of bilingual proficiency.

1 Year Program (48 UOC)

Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience and an advanced level of bilingual proficiency.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include:

Interpreting and Translation, Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Business, Economics, Commerce, Law, Linguistics, Languages, TESOL, and Cognitive Science.

Relevant professional experience includes:

Work in a language-related area including translating and/or interpreting, teaching English as a second or foreign language or a language other than English, and other appropriate language professions.

Double Degree Program

Combined Master of Arts and Social Sciences

Program code 8224
CRICOS code 065349M
Duration 2 years
Entry February and September
Estimated first year tuition A\$36,480

you with a broad education that meets the needs of today's professionals. You will graduate with two degrees under their specialist names.

Entry requirements

Students need to meet the requirements specific to the individual one-year program (48 UOC) of the postgraduate degrees chosen. Check specific requirements of individual programs.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Earn two Master degrees at the same time. The Combined Master of Arts and Social Sciences allows you to extend your knowledge in two complementary disciplines, providing

Programs you can combine:

- Master of Applied Linguistics
- Master of Development Studies
- Master of Education (Streams can be combined)
- Master of Educational Leadership
- Master of Environmental Management
- Master of International Relations
- Master of Journalism and Communication
- Master of Public Policy and Governance
- Master of Public Relations and Advertising
- Master of Translation

Research

UNSW Arts & Social Sciences is recognised as a national and international leader in research. Driven by world-leading scholars pushing the boundaries of knowledge in core humanities and social sciences, our unique commitment to social issues and justice helps solve the world's greatest challenges.

Our postgraduate research candidates are open-minded, progressive, and strategic thinkers. Our Faculty is one of the largest of its kind in Australia providing a number of opportunities for engagement and support to help you get the most out of your academic experience.

Supervision is offered in our Schools and Centres in a broad range of research and discipline areas.

Note: Admission to all programs is subject to the availability of appropriate supervision and resources.

Research areas:

The Arts and Media – arts.unsw.edu.au/sam

Education – arts.unsw.edu.au/education

Humanities and Languages – arts.unsw.edu.au/hal

Social Sciences – arts.unsw.edu.au/socialsciences

Centre for Social Research in Health – arts.unsw.edu.au/csrh

Social Policy Research Centre – arts.unsw.edu.au/sprc

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 for further information or contact us on international.grs@unsw.edu.au

Research Programs

Master of Arts by Research

Program code 2353
CRICOS code 000913C
Duration 1.5 - 2 years
Entry February and September
Estimated first year tuition A\$34,080

Entry requirements

An appropriate four-year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

See full admissions details at:
handbook.unsw.edu.au

Master of Education by Research

Program code 2354
CRICOS code 000948C
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

Entry requirements are as per Master of Arts by Research (2353).

Master of Philosophy

Program code 2364
CRICOS code 0101259
Duration 1.5 - 2 years
Entry February
Estimated first year tuition A\$34,080

Entry requirements

• A bachelor's degree in a cognate discipline with credit average result (WAM 70).

• Applicants also have to submit a research proposal and find an available and suitable supervisor.

Doctor of Philosophy - Creative Practice

Program code 1273
CRICOS code 079008F
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy - Education

Program code 1970
CRICOS code 001042D
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

Entry requirements are as per Doctor of Philosophy in Creative Practice (1273).

Doctor of Philosophy - Social Sciences

Program code 1272
CRICOS code 079009E
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

Entry requirements are as per Doctor of Philosophy in Creative Practice (1273).

Areas of study

- Sociology and Anthropology
- Criminology
- Politics and International Relations
- Social Work
- Policy Studies
- Development Studies
- Refugee Studies
- Gendered Violence
- Social Aspects of Health and Health Care (including HIV, sexual health, viral hepatitis, drug use, Aboriginal health and related areas of education, health and wellbeing.)

Doctor of Philosophy - Humanities

Program code 1271
CRICOS code 079006G
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

Entry requirements are as per Doctor of Philosophy in Creative Practice (1273).

Areas of study

- Australian Studies
- English
- Linguistics
- French
- Environmental Policy & Management
- International Studies & Global Transformation
- Health, Sexuality & Culture
- Japanese Studies
- Korean Studies
- Chinese Studies
- Indonesian Studies

- Politics & International Relation
- Humanities
- Social Sciences
- Creative Practice
- Music
- Music Education
- Russian Studies
- Social Science and Policy
- Social Policy
- Criminology
- Sociology
- Women's Studies
- Spanish & Latin American Studies
- Education
- Arts

Professional Doctorate - Public Policy and Governance

Program code 1746
CRICOS code 084048M
Duration 3 years
 *Duration may vary based on previous academic qualifications
Entry February and September
Estimated first year tuition A\$34,080

Entry requirements

Standard entry pathway:

- A minimum two years post-qualifying professional policy practice experience within either the government, non-government, or private sectors; and

- A first class (distinction) honours degree within a cognate discipline that includes a substantial research component that demonstrates capacity for higher degree research.

Advanced standing entry pathway:

- A minimum two years post-qualifying professional policy practice experience within either the government, non-government, or private sectors; and

- A demonstrated capacity for independent research under the guidance of a supervisor; and

- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC consisting of methodology training and a stand-alone research project.

Professional Doctorate - Social Work

Program code 1744
CRICOS code 080467B
Duration 3 years
 *Duration may vary based on previous academic qualifications
Entry February, June and September
Estimated first year tuition A\$34,080

Entry requirements

- A social work qualification established by eligibility for membership of the Australian Association of Social Workers, or membership of an equivalent overseas professional social work association; and

- A minimum two years post-qualifying professional social work practice experience; and

- A first or upper second class (distinction) thesis research honours degree (minimum thesis word length: 10,000 words); or

- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC content, consisting of methodology training and a stand-alone research project.

Built Environment

Career-focused Architecture, Design, Construction, Property and Planning degrees connect you with industry and build your skills to shape future cities for the benefit of people and the planet.

Top global ranking

Advance your career through professional placements, lectures and design studios with experts and top researchers at a university ranked 27th in the world for Architecture/Built Environment.*

- Strategic planners
- Sustainable Development Specialists
- Urban data analysts
- Urban design consultant
- Urban planners
- Urban policy makers

Architecture

Master of Architecture

Program code 8143
CRICOS code 061906G
Duration 2 years
Entry February and September
Estimated first year tuition A\$42,000

Building on the solid disciplinary foundation established in the Bachelor of Architectural Studies, the Master of Architecture provides advanced knowledge in techniques in architectural design, as well as related technical knowledge. In addition, it allows you to choose one of four course streams, to tailor your education to specific areas of the discipline. You will be well prepared to operate at a professional level in the practice of architecture and other design-based industries.

Entry requirements

Admission is available to students with a degree from an accredited undergraduate program (or equivalent) in architecture, together with evidence of a capacity to consistently achieve grades at credit level (65%) or higher.

Please check the UNSW handbook unsw.edu.au/postgraduate/programs/current/8143 for more details.

Additionally, applicants from international universities are required to provide a portfolio

of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings/images to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format. See be.unsw.edu.au/degrees/postgraduate-coursework/master-of-architecture for a guide to Portfolio submission.

Professional accreditation

The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree. The Master of Architecture has full five-year accreditation from the Architects Accreditation Council of Australia (AACA), NSW Architects Registration Board, and Australian Institute of Architects (AIA). The combined Bachelor of Architectural Studies and Master of Architecture is recognised by the AIA. Master of Architecture graduates are able to prepare for the NSW Architects Registration Board professional practice and examination requirements necessary to become a registered Architect in NSW.

City Analytics

Smart cities, big data, virtual reality and other technologies are important in planning more sustainable, resilient cities. The City Analytics programs are designed to upskill the next generation of city data, analytics and modelling professionals. You will be able to contribute to the development of data-driven policy and decision making across our cities.

Master of City Analytics

Program code 8151
CRICOS code 093861G
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$38,880

Entry requirements

A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law/Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average (65%) will be eligible for admission to the suite of City Analytics programs. Applicants who don't have a credit average may be considered for entry to the Graduate Diploma or Graduate Certificate in City Analytics.

Master of City Analytics (Extension)

Program code 8152
CRICOS code 093773G
Duration 2 years
Entry February and September
Estimated first year tuition A\$38,880

The Extension element is an Integrated Design Studio and a Smart Cities and Urban Informatics Major Project. You will work on real-world industry-linked projects focused on the integrated design of sustainable, high performance buildings.

Entry requirements

A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law/Jurisprudence, Social

Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average (65%) will be eligible for admission to the suite of City Analytics programs. Applicants who don't have a credit average may be considered for entry to the Graduate Diploma or Graduate Certificate in City Analytics.

Graduate Diploma in City Analytics

Program code 5151
CRICOS code 093860G
Duration 1 year
Entry February and September
Estimated tuition A\$38,880

Entry requirements

A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law/Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average (65%) will be eligible for admission to the suite of City Analytics programs.

Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

There will be the opportunity for articulation to the masters program on satisfactory completion of the course requirements for the Graduate Diploma in City Analytics.

City Planning

Planning is an exciting, varied and progressive profession which plays a pivotal role in decisions shaping the future of cities and regions. Working with industry, government and practice partners, the City Planning programs provide an excellent platform to take up planning and urban policy-related career opportunities. The two-year, professionally accredited Masters degree allows you to choose one of four specialisations and comprises a research project or urban design studio in addition to courses. Graduate Diploma and Graduate Certificate programs are also available.

Master of City Planning

Program code 8148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition A\$38,880

Entry requirements

A recognised bachelor degree with a credit average (65%) or above. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the masters program, subject to satisfactory performance. Applicants with undergraduate degrees in cognate disciplines will be eligible for up to 24 UOC of advanced standing (course credit). Cognate areas include built environment subject areas such as architecture, construction management and planning as well as social policy, economics and environmental science, law/jurisprudence, and environmental and civil engineering.

Professional accreditation

The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible, subject to professional experience requirements, for corporate membership of PIA.

Graduate Diploma in City Planning

Program code 5148
CRICOS code 088356M
Duration 1 year
Entry February and September
Estimated tuition A\$38,880

Entry requirements

A bachelor degree with a credit average or above (65%). Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Graduate Diploma program, subject to satisfactory performance.

Graduate Certificate in City Planning

Program code 7148
CRICOS code 088357K
Duration 0.7 years
Entry February and September
Estimated tuition A\$19,440

Entry requirements

A bachelor degree with a credit average or above (65%). Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

Construction Project Management

Master of Construction Project Management

Program code 8121
CRICOS code 085910C
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$38,880

A 2 year program in this area of study is currently in development. For more information visit be.unsw.edu.au later in the year.

The Master of Construction Project Management teaches modern management methodologies and how to apply these principles to complex buildings and infrastructure. You will develop proficiency to meet construction management challenges, now and into the future.

Entry requirements

A bachelor degree or equivalent in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with a credit average (65%); or an undergraduate degree in any field with a credit average (65%) plus three years of construction industry experience at a

management level; or a Graduate Certificate in Construction Project Management with a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours or masters degree with a credit average (65%) in a relevant field, or an honours degree with a credit average in an unrelated field plus 3 years construction industry experience at a managerial level may be eligible for 24 UOC of advanced standing (course credit).

For more information visit handbook.unsw.edu.au/postgraduate/programs/current/8121.html

Professional accreditation

The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

Landscape Architecture

Master of Landscape Architecture

Program code 8136
CRICOS code 094952G
Duration 3 years
Entry February
Estimated first year tuition A\$38,880

If you're looking to study landscape architecture, there is no better 'laboratory' than the Sydney region. During the Master of Landscape Architecture, you will work with leading academics and practitioners in landscape architecture as well as city planning and urban design to explore issues of common concern.

Entry requirements

The minimum requirement for all students is a bachelor degree with a credit (65%) or above average. Students must also submit a digital portfolio of design work.

The Master of Landscape Architecture is a three-year program with three entry points; depending on their prior study areas, students may complete the degree requirements in one, two, or three years. The program is 144 UOC in total, but some students with relevant degree backgrounds may be eligible for up to 96 UOC transfer. There are three streams.

Stream A caters to students from a non-design background; these students are required to complete the three-year, 144 UOC program. Students must submit a portfolio and a personal statement.

Stream B caters to students from cognate backgrounds, including architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. Students must submit a portfolio and a personal statement.

Stream C caters to students who have completed a Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study. Students must submit a portfolio and a personal statement.

Property and Development

Master of Property and Development

Program code 8127
CRICOS code 055094A
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$38,880

A 2 year program in this area of study is currently in development. For more information visit be.unsw.edu.au later in the year.

The dynamic range of courses in the Master of Property and Development will provide you with the principles of property development and investment, and the know how to apply them across different phases of the industry cycle.

Entry requirements

A bachelor degree or equivalent in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material engineering, architecture, landscape architecture, interior architecture, urban planning, quantity surveying, property development, real estate, law, or business with a credit average (65%) or better performance; or an undergraduate degree

in any field with a credit average (65%) plus three years of property industry experience at a management level, or a Graduate Certificate in Property Development with a credit average (65%).

Additionally, applicants who have met these requirements but also have an honours degree or masters degree with a credit average (65%) in a related field, or an honours degree with a credit average (65%) in any field plus 3 years property industry experience at managerial level may be eligible for 24 UOC of advanced standing (course credit).

Professional accreditation

The program has been accredited by the Australian Property Institute (API).

Sustainable Built Environment

In our Sustainable Built Environment programs, you will consider different value systems in cultures which influence how communities shape their built environments. The masters degree will provide you with evidence-based tools to support all endeavours in the sustainable built environment. A one year Graduate Diploma in Sustainable Built Environment is also available.

Master of Sustainable Built Environment

Program code 8132
CRICOS code 028054M
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$38,880

Entry requirements

A minimum four-year bachelor degree or equivalent from a recognised tertiary institution in a relevant field such as the Built Environment disciplines or related areas such as environmental science or engineering is required for admission to the masters program. All applicants must have achieved a minimum of a credit average (65% or above) in their bachelor degree.

Additionally, where an applicant does not hold a four-year bachelor degree, admission may be permitted into the Graduate Diploma in Sustainable Built Environment.

Graduate Diploma in Sustainable Built Environment

Program code 5132
CRICOS code 028055K
Duration 1 year
Entry February and September
Estimated tuition A\$38,880

Entry requirements

A three-year bachelor degree with a credit average (65%) or above in a relevant field such as Built Environment disciplines or related areas such as environmental science or engineering. Applicants will be required to undertake an interview process as part of their application for entry into the program. In exceptional circumstances, we will consider relevant professional experience of at least five years. Roles include building designer, environmental planner, construction project manager, environmental/sustainability project officer, building sustainability/energy efficiency assessor, or built environment consultant with an environmental/sustainability focus. Applicants will need to demonstrate they have achieved the same knowledge and skills (learning outcomes) through their formal or informal learning as the qualifications listed for entry for this program.

Urban Development and Design

The Master of Urban Development and Design is a multidisciplinary, studio-based degree, which includes a compulsory field trip and workshop in a major international city. It aims to prepare you for new practice frontiers or a higher degree. Using Sydney as a case study, the Extension element of the Master of Urban Development and Design (Extension) provides you with a critical understanding of design techniques for burgeoning cities and older urban regions facing structural change.

Master of Urban Development and Design

Program code 8131
CRICOS code 017538D
Duration 1.7 years
Entry February
Estimated first year tuition A\$38,880 (plus A\$5,000 for field trip)

Entry requirements

A recognised four-year bachelor degree with a credit average (65%) or above in a relevant discipline such as architecture, landscape architecture, interior architecture, planning, construction, property development, and civil engineering; or a recognised three-year undergraduate degree with a credit average (65%) or above in Architectural Studies; or a completed Graduate Certificate in Built Environment (7131) with a credit average (65%) or above.

All applicants must submit a portfolio. For more information visit handbook.unsw.edu.au/postgraduate/programs/current/8131

Professional accreditation

Graduates are eligible for membership to the Urban Design Chapter of the Planning Institute of Australia (PIA).

Master of Urban Development and Design (Extension)

Program code 8141
CRICOS code 082794D
Duration 2 years
Entry February
Estimated first year tuition
 A\$38,880
 (plus A\$5,000 for field trip)

Entry requirements

A recognised four-year bachelor degree with a credit average (65%) or above in a relevant discipline such as architecture, landscape architecture, interior architecture, planning, construction, property development, and civil engineering; or a recognised three-year undergraduate degree with a credit average (65%) or above in Architectural Studies; or a completed Graduate Certificate in Built Environment (7131) with a credit average (65%) or above.

All applicants must submit a portfolio. For more information visit handbook.unsw.edu.au/postgraduate/programs/current/8141

Professional accreditation

Graduates are eligible for membership to the Urban Design Chapter of the Planning Institute of Australia (PIA).

Graduate Certificate in the Built Environment

Program code 7131
CRICOS code 083137G
Duration 0.7 years
Entry February
Estimated tuition A\$19,440

The dynamic range of courses in the In the Graduate Certificate in the Built Environment, you will be given foundational study in the field of Urban Development and Design. You will take four courses to prepare you for the Master of Urban Development and Design, including Architecture and the City, Urban and Regional Planning, and Urban Design Graphics.

Entry requirements

The Graduate Certificate in the Built Environment Program (24 UOC) offers foundational study in the field of Urban Development and Design for non-cognate

disciplines. A recognised bachelor degree in any discipline with a credit average (65%) or above. Applicants with a relevant bachelor degree in the following fields may be eligible to apply directly for the 8131 Master of Urban Development and Design or the 8141 Master of Urban Development and Design (Extension) programs.

Relevant fields

Architecture, Landscape Architecture, Interior Architecture, Design, Planning, Property Development, Construction, Civil Engineering, Environmental Engineering, and Transport Engineering.

Research

The higher degree research program at UNSW Built Environment, comprising Master of Philosophy, Masters by Research and PhD, provides the opportunity to shape the cities of the future and to improve the lives of people who live and work in them.

Our students enjoy a vibrant research culture that covers a multitude of topics, from design and construction to the policy and planning needed to support and promote innovation.

The higher degree research program benefits from a cohort drawn from almost every continent across the globe, focusing on tackling pressing environmental and societal challenges under the supervision of world-class academics and researchers, as well as leaders in the built environment professions.

Interdisciplinary clusters bring together teams working on important and emerging areas of built environment research, where we aim to engage, adapt and shape the cities

of the 21st century – but always in a way that puts the planet and its people first.

Research areas:

Architecture – Architectural Design, Architectural Heritage and Conservation, Architectural History and Theory, Architectural Science and Technology (incl. Acoustics, Lighting, Structure and Ecologically Sustainable Design), Architecture Management, Interior Architecture, Landscape Architecture

Building – Construction Management and Project Planning, Building Science and Techniques, Quantity Surveying, Real Estate, Property and Development

Design Practice and Management – Design History and Theory, Design Innovation, Design Management and Studio and Professional Practice, Digital and Interaction Design, Industrial Design

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 for further information or contact us on international.grs@unsw.edu.au

Urban and Regional Planning – Community Planning, History and Theory of the Built Environment (excl. Architecture), Housing Markets, Development and Management, Land Use and Environmental Planning, Regional Analysis and Development, Transport Planning, Urban Analysis and Development, Urban Design

Research clusters

The Faculty's research clusters are cross-disciplinary coalitions of staff and postgraduate research candidates organised around identifiable and emerging research strengths. Through engagement on common projects, publications and workshops, they capitalise on the synergies of individual research interests;

- Design Research Collaboration
- High Performance Architecture
- People and Place
- Smart Cities
- Urban Typologies

Research Programs

Master of Built Environment by Research

Program code 2240
CRICOS code 008953G
Duration 1.5-2 years
Entry February, June and September
Estimated first year tuition
 A\$38,160

Entry requirements

Appropriate undergraduate degree with honours that includes a substantial research component, or a qualification or combination of qualifications considered equivalent. All applicants must complete and submit an expression of interest application, including a preliminary research proposal.

Area(s) of Specialisation

- Architecture
- Building

- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment
- Town Planning and Urban Design

Master of Philosophy - Built Environment

Program code 2222
CRICOS code 060621G
Duration 1.5-2 years
Entry February, June and September
Estimated first year tuition
 A\$38,160

Entry requirements

An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent. Applicants can develop their own research topic within a built environment discipline or choose a specialised research project. Candidates will complete a coursework component comprising of 3 courses – Research Seminar (BENV7020) and 2

electives from any postgraduate coursework program at UNSW Built Environment. All applicants must complete and submit an expression of interest application, including a preliminary research proposal.

Area(s) of Specialisation

- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy - Built Environment

Program code 1120
CRICOS code 009536F
Duration 3-4 years
Entry February, June and September
Estimated first year tuition
 A\$36,960

Entry requirements

An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Candidates may transfer to PhD after one year of full-time enrolment in a masters by research program under specific conditions.

All applicants must complete and submit an expression of interest application, including a preliminary research proposal.

Area(s) of Specialisation

- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Practice-Based Doctor of Philosophy

Program code 1122
CRICOS code 009536F
Duration 3-4 years
Entry February, June and September
Estimated first year tuition
 A\$38,160

Entry requirements

Based on their direct experience as established practitioners in the Built Environment, Practice-Based PhD candidates will generate a research project to improve and expand their practice and the industry. As a general guide, applicants have an appropriate undergraduate degree (usually at honours level) and/or a masters degree and substantial professional practice in a field represented within UNSW Built Environment or another relevant discipline. All candidates must complete and submit an expression of interest application, including a preliminary research proposal.

Area(s) of Specialisation

- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 for further information or contact us on international.grs@unsw.edu.au.

UNSW Business School

| Entrepreneurs | Management consultants | System analysts |
| Equity advisors | Marketing, advertising and brand managers | Taxation specialists |
| Financial analysts | | |

Actuarial Studies

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics.

You'll develop the technical expertise needed to pursue the role of an actuarial analyst, as well as other roles in the broader financial services industry. You can also strengthen your actuarial training. The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics.

Professional recognition

Students who successfully complete this program will be eligible to gain exemptions for the Foundation and part of the Associate program of the Institute of Actuaries Australia, and recognised for exemptions for core technical subjects (CT 1–8) of the Institute and Faculty of Actuaries (UK), and for VEE from the North American Society of Actuaries. The School of Risk and Actuarial Studies is also recognised as a Center of Actuarial Excellence by the Society of Actuaries.

Analytics

Big data has disrupted the skills and knowledge required of employees across functions to deliver value to their organisations. The demand for professionals with analytics capabilities who can skillfully apply data-driven decisions is increasing exponentially. UNSW Business School has introduced a suite of online analytics programs to meet this demand.

Master of Analytics

Program code 8437
Duration 2 years (online only)
Entry January, March, May, July, August, October
Estimated first year tuition A\$35,940

Entry requirements

There are two pathways into this program:

- An Australian bachelor degree, or equivalent qualification, with a weighted average mark (WAM) 65% or higher; or
- Successfully completed the Graduate Diploma in Analytics with a WAM of 65 or higher.

Master of Actuarial Studies

Program code 8411
CRICOS code 051222G
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) in actuarial studies, econometrics, mathematics, or statistics with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Recognition of Prior Learning

May be granted based on previous studies in actuarial studies (bachelor or higher) and professional examinations.

Master of Actuarial Studies (Extension)

Program code 8416
CRICOS code 068778K
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) in actuarial studies, econometrics, mathematics, or statistics with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Note:

This degree is suitable if you have not completed any actuarial studies but have an econometrics, mathematics, or statistics background and you are pursuing an actuarial career.

Graduate Diploma in Analytics

Program code 5437
Duration 1.3 years (online only)
Entry January, March, May, July, August, October
Estimated first year tuition A\$35,940

Entry requirements

There are two pathways into this program:

- An Australian bachelor degree, or equivalent qualification, with a weighted average mark (WAM) 65% or higher; or
- Successfully completed the Graduate Certificate in Analytics with a WAM of 65.

Graduate Certificate in Analytics

Program code 7457
Duration 0.7 years (online only)
Entry January, March, May, July, August, October
Estimated tuition A\$23,880

Entry requirements

There are two pathways into this program:

- An Australian bachelor degree, or equivalent qualification; or
- Three years relevant work experience. For example, analytics, clerical or administrative work in a commercial of public service organisation, banking, finance or marketing.

Business Administration

The AGSM Master of Business Administration (MBA) is a full-time degree designed to prepare students for general management and executive leadership roles in business, government, or not-for-profit organisations. You will acquire management insights from current business leaders and benefit from the knowledge of your fellow students, many of whom have worked for global organisations.

Career and recruitment services

Career Services is an integral part of AGSM and this team goes far beyond sourcing potential employment opportunities. AGSM Career Services Unit is designed to provide you with the tools for successful job searching and career advancement as well as the guidance and support needed to map out your long-term career path.

The tailored services include:

Career management programs - Provide you with a range of skills to proactively manage your career. They are delivered face-to-face via classroom/team sessions or online through the AGSM MBA Career Centre.

Career advice/guidance - Individual counselling sessions are available by appointment with the professional AGSM MBA Careers Services team to obtain more tailored career guidance and support.

The MBA (Extension) is intended for students seeking to extend their study plan to include an additional term to undertake an internship or research project. Students will study the MBA (full-time) with the addition of an extra session (Extension Session). For more information visit: agsm.edu.au

Recruitment services - The AGSM Career Services Unit builds and develops strong relationships with companies that can benefit from having an MBA graduate in their organisation. Successfully aligning the skills and experience of MBA students with the needs of business is our key objective.

The Career Services Unit continually markets to previous and prospective recruiters and leverages our strong alumni base. Prestigious clients include ABN AMRO Bank N.V., A.T. Kearney, Barclays Bank PLC, BMW (Japan), Boral Limited, Mercer LLC (China), and McKinsey & Company.

Master of Business Administration

Program code 8350
CRICOS code 006681K
Duration 1.5 years
Entry AGSM Session 1 (January)
Estimated first year tuition A\$70,200

Entry requirements

There are two pathways into the AGSM MBA program:

- A strong undergraduate degree (or equivalent qualification) and a minimum of two years' professional or managerial work experience, or;
- At least six years of professional work experience.

Applicants must also submit supporting documentation including an official transcript and three personal statements. Applicants must also provide a minimum overall GMAT score of 550 with minimum scores of verbal 25, quantitative 35 and AWA 4.0.

Professional recognition

The AGSM program is accredited by the Association to Advance Collegial Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQUIS accreditation, which places AGSM in an exclusive group of the world's leading business schools – only 180 of more than 13,000 business schools in the world have received EQUIS accreditation.

Scholarships

AGSM offer a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.

Master of Business Administration (Extension)

Program code 8357
CRICOS code 085468E
Duration 2.5 years
Entry AGSM Session 1 (January)
Estimated first year tuition A\$70,200

Entry requirements

You will first need to gain entry to the full-time MBA program to apply to the MBA (Extension).

AGSM MBAX (Online)

Program code 8625
Duration 3 to 6 years part-time (online only)
Entry February, June, September
Estimated first year tuition visit agsm.edu.au

MBAX is AGSM's next-generation online MBA. A unique online management degree that also allows you to specialise, the MBAX will prepare you to seize the opportunities in front of you and give you the edge you need to succeed.

Specialisations

- MBA (Change)
- MBA (Finance)
- MBA (Social Impact)
- MBA (Technology)

Entry requirements

There are two pathways into the AGSM MBAX program:

- A strong undergraduate degree (or equivalent qualification) and a minimum of two years' professional or managerial work experience, or;
- At least six years of professional work experience.

Graduate Certificate in Change Management

Program code 7315
Duration 1 year
 (online only program)
Entry February, June, September
Estimated tuition A\$19,920

The Graduate Certificate in Change Management is delivered completely online and is designed to help you influence organisational change, both through your own actions and those of others. You will develop a critical understanding of group and team dynamics and be able to apply the learning immediately with job-specific solutions to current business problems.

Entry requirements

- There are two pathways into this program:
- A recognised undergraduate degree (or equivalent qualification) and a minimum of 2 years professional or managerial work experience, or;
 - At least 6 years professional work experience.

Commerce

If you're seeking expert knowledge in the field of business, the Master of Commerce is innovative, industry relevant and incorporates the latest thinking across industry and research. You can specialise by choosing from a range of disciplines to suit your interests and career aspirations. The Master of Commerce (Extension) program allows you to specialise in an additional business field.

A Graduate Certificate in Commerce is also available and includes four courses designed to equip you with foundation business knowledge, paving the way to a Master of Commerce.

Areas of specialisation

- Accounting
- Business Analytics
- Business Law
- Business Strategy
- Economics and Finance
- Enterprise Systems and Business Design
- Finance
- Financial Technology
- Global Sustainability and Social Impact
- Human Resource Management
- Innovation and Entrepreneurship
- International Business
- Management Accounting
- Marketing
- Marketing Analytics
- Organisation and Management
- Risk Management
- Supply Chain Management

Professional recognition

Depending on the specialisation chosen, the Master of Commerce meets the education requirement of various professional bodies including Australian Computer Society, Australian Human Resources Institute, Australian Securities and Investment Commission (RG-146), and Chartered Institute of Management Accountants.

Master of Commerce

Program code 8404
CRICOS code 000933K
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Master of Commerce (Extension)

Program code 8417
CRICOS code 1 056227G
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Note:

The Master of Commerce (Extension) is designed for those looking to study two business specialisations to expand their career paths/options. E.g. Marketing plus Marketing Analytics, or Global Sustainability & Social Enterprise plus International Business, or Innovation and Entrepreneurship plus Finance, or Business Strategy plus Supply Chain Management.

Graduate Certificate in Commerce

Program code 7355
CRICOS code 055630D
Duration 0.7 years
Entry February, June and September
Estimated tuition A\$24,120

Entry requirements

- An undergraduate degree, or
- 5 years relevant work experience. For example, clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

Economics

The Master of Economics will allow you to acquire advanced knowledge in economics from one of the world's leading business schools and develop critical thinking and analytical skills vital for advanced research. You will be able to choose electives that are tailored to your interests and your intended professional development.

A Graduate Certificate in Economics is also available, which offers a pathway into the Master of Economics.

Master of Economics

Program code 8412
CRICOS code 055189E
Duration 1 year
Entry February
Estimated tuition A\$48,240

Entry requirements

There are three categories of entry into this program:

Category A

- A recognised honours degree (with a research thesis) in Economics with a second upper class (2.1) or better; or

Category B

- A recognised bachelor degree (or equivalent qualification) with a minimum overall average of 70%, as determined by the UNSW Postgraduate Coursework Entry Calculator; and

- A major (at least 7 courses) in economics; and

- Completed second or third year courses in microeconomics, macroeconomics, econometrics, and mathematical economics at a minimum average grade of 70% for these courses; or

Category C

- A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and

- Substantial studies in intermediate level microeconomics, macroeconomics, and econometrics as well as mathematical and statistical methods within the bachelor degree; and

- A graduate certificate in Economics (equivalent to that offered at UNSW Business School) with a minimum overall average of 70%, as determined by the UNSW Postgraduate Coursework Entry Calculator.

Graduate Certificate in Economics

Program code 7412
CRICOS code 080476A
Duration 0.7 years
Entry February and September
Estimated tuition A\$24,120

Entry requirements

There are two categories of entry into this program:

Category A

- A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and

- A major (at least 7 courses) in economics within the bachelor degree. or;

Category B

- A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and

- Studied intermediate level microeconomics, macroeconomics and econometrics as well as mathematical and statistical methods within the bachelor degree.

Finance

Master of Finance

Program code 8406
CRICOS code 038393J
Duration 1 year
Entry February, June and September
Estimated tuition A\$48,240

Developed in consultation with experts in the finance industry, these programs expose you to the latest thinking and research in finance, taught by industry-leading academics and researchers.

Entry requirements

A recognised bachelor degree (or equivalent qualification) majoring in finance with a credit average (65% or higher) in the finance major, as well as a credit average overall, as determined by UNSW Business School. For further assessment criteria go visit business.unsw.edu.au/pg

Areas of specialisations

- Corporate Finance and Investment Banking

- Finance (General)
- Funds Management
- Financial Technology

Professional recognition

You may be eligible for Associate Services membership with the Financial Services Institute of Australasia (FINSIA) on completion of this degree.

Note:

The Master of Finance was accepted into the University Recognition Program of the CFA Institute. The courses you will study in this program are closely tied to professional practice and can help students prepare for the CFA examinations.

Master of Financial Analysis

Program code 8413
CRICOS code 058933J
Duration 1 year
Entry February, June and September
Estimated tuition A\$48,240

The Master of Financial Analysis is a specialist qualification that will extend your prior degree and substantial studies in accounting and/or finance. Develop your strategy skills, risk analysis and management, valuation and project development by choosing from a large range of courses to suit your professional needs.

Entry requirements

A recognised bachelor degree (or equivalent qualification) majoring in finance or accounting with a credit average (65% or higher) overall. For further assessment criteria visit business.unsw.edu.au/pg.

Recognition of Prior Learning

If you've successfully completed the CPA Program or CAANZ Program (from Australia), or the CIMA qualification, you may be granted one course credit.

Financial Planning

Graduates seeking a rewarding career in personal financial and investment advice will be in good standing with the Master of Financial Planning. Taught by leading finance and taxation academics, the program is a comprehensive degree for those wishing to work with clients to build long-lasting, trusted relationships and provide sound financial guidance.

A Graduate Diploma in Financial Planning and Graduate Certificate in Financial Planning are also available and offer a pathway into the Masters program.

Graduate Diploma in Financial Planning

Program code 5273
CRICOS code 075259G
Duration 1 year
Entry February and September
Estimated tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent) as determined by UNSW Business School and two years full time relevant work experience.

Master of Financial Planning

Program code 9273
CRICOS code 075258J
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

There are two categories of entry into this program:

Category A

A recognised bachelor degree (or equivalent qualification) in commerce or finance with a credit average (65% or higher); or

Category B

A recognised non-business-related bachelor degree (or equivalent qualification) with a credit average (65% or higher), plus a minimum of two years' full-time relevant work experience. For further assessment criteria visit business.unsw.edu.au/pg

Professional recognition

Depending on course selection: Australian Securities and Investment Commission - RG 146 (Tier 1); Financial Planning Association - Advanced standing towards the Certified Financial Planner program.

Graduate Certificate in Financial Planning

Program code 7273
CRICOS code 075260D
Duration 0.7 years
Entry January, March, May, July, September, October
Estimated tuition A\$24,120

Entry requirements

There are two categories of entry into this program:

Category A

A recognised bachelor degree (or equivalent qualification), as determined by UNSW Business School and at least 2 years full-time relevant work experience; or

Category B

Professionals without a bachelor degree can apply to the program if they have at least 4 years full-time relevant work experience and have completed some professional course or study.

Information Systems Management

Master of Information Systems Management

Program code 8435
CRICOS code 077873C
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$48,240

If you're a student or a professional in the field of information systems or computer science, this degree will enable you to advance into management and leadership roles in the industry. It aims to provide strong analytical and technical skills to assess, design, implement and manage business information systems in today's fast-changing business environment.

Entry requirements

Admission to the Master of Information Systems Management is based on relevant academic qualifications and professional experience. There are three categories of entry into this program:

For the 1 year program (with credits): Category A

A recognised honours degree (with a research thesis) in information systems, information technology, or computer science, with a second upper class (2.1) or better; or

Category B

A recognised bachelor degree (or equivalent qualification) in information systems, information technology, or computer science with a credit average (65% or higher) with at least two years full-time relevant work experience after completion of the degree.
For the 1.7 year program (without credits):

Category C

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) and at least one year of full-time relevant work experience after completion of the degree. For further assessment criteria visit business.unsw.edu.au/pg

Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on previous business studies (bachelor or higher).

Professional recognition

Accredited by Australian Computer Society (ACS) at the Professional Level, preparing you for professional practice in information and communications technology (ICT).

Master of Information Systems Management (Extension)

Program code 8446
CRICOS code 0100365
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$48,240

Entry requirements

Category A

Applicants require a recognised undergraduate degree (or equivalent qualification) in Information Systems, Information Technology, Computer Science or Software Engineering with a credit average overall, as determined by UNSW Business School.

Category B

Applicants require a recognised undergraduate degree (or equivalent qualification) Information Systems,

Information Technology, Computer Science or Software Engineering and a minimum of two years full-time relevant professional work experience, as determined by UNSW Business School.

Category C

Applicants require a recognised undergraduate degree (or equivalent qualification) with a credit average overall, and a minimum of two years full-time relevant professional work experience, as determined by UNSW Business School.

International Business

Master of International Business

Program code 8371
CRICOS code 078546K
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$48,240

Gain an in-depth understanding of the key issues affecting the dynamic global business environment and become a successful business leader on the international stage. The Master of International Business is a comprehensive degree that will allow you to develop the ability to think globally and strategically, setting you up to become an effective and successful leader in the global business environment. This program is suitable for students with an undergraduate degree in any field.

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Professional Accounting

If you are a graduate seeking a career in accounting and want to gain expert knowledge and skills, the Master of Professional Accounting is for you. You will gain an excellent foundation in business with a strong accounting acumen, taught by industry experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting but adds four extra courses in your choice of electives to further your knowledge.

Professional recognition

Meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), ACCA (Accounting), and Institute of Public Accountants (IPA).

Master of Professional Accounting

Program code 8409

CRICOS code 051221J

Duration 1.7 years

Entry February, June and September

Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Note:

This program is suitable for graduates with limited or no previous study in accounting.

Recognition of Prior Learning

Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Master of Professional Accounting (Extension)

Program code 8415

CRICOS code 055635K

Duration 2 years

Entry February, June and September

Estimated first year tuition A\$48,240

Entry requirements

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher). For further assessment criteria visit business.unsw.edu.au/pg

Note:

The Master of Professional Accounting (Extension) is designed for students seeking to extend their study by adding four elective courses to gain further knowledge in accounting or other related business areas.

Taxation

Master of Taxation

Program code 9250

CRICOS code 015849E

Duration 1 year

Entry February, June and September

Estimated tuition A\$48,240

The Master of Taxation is a specialist degree designed to meet the growing needs of tax professionals and practitioners to deal with complex taxation issues involved in business decisions and transactions. It provides exposure to complex aspects of the discipline and a critical understanding of the Australian taxation system.

Entry requirements

A recognised bachelor degree (or equivalent qualification) in taxation, law, or commerce (including one taxation course) with a credit average (65% or higher); plus relevant professional work experience in professional services firms or government departments. For further assessment criteria visit business.unsw.edu.au/pg

Areas of specialisations

Applied Taxation: Contains the essential knowledge needed to provide effective tax advice as part of accounting, business management and advising work.

International Taxation: Develops an advanced international taxation knowledge base and advanced professional skills in the practical application of international tax.

Taxation: Develops an advanced knowledge base and advanced professional skills in taxation.

Taxation and Financial Planning: Provides a multidisciplinary (taxation, law, and business) education in financial planning and personal wealth accumulation. The specialisation is suitable for graduates seeking a career in private professional practice, commerce, or government service.

Revenue Administration: Suitable for graduates currently working in revenue authorities or related agencies (particularly in developing and transitional economies in the Asia-Pacific, Africa and Eastern Europe).

Graduate Certificate in Taxation

Program code 7321

CRICOS code 0100908

Duration 0.7 years

Entry February, June and September

Estimated tuition A\$24,120

Entry requirements

There are two categories of entry into this program:

Category A

A recognised bachelor degree (or equivalent qualification) in taxation, law, accounting or business as determined by the UNSW Business School.

Category B

A recognised bachelor degree (or equivalent qualification), as determined by UNSW Business School; and

At least 2 years full-time relevant work experience.

Supporting documentation

Category B applicants need to provide a detailed resume (outlining relevant competencies and achievements) and evidence of other academic and professional qualifications.

Note:

Courses in these degrees are delivered in a variety of modes: distance/online, face-to-face and intensive. If you intend to study these degrees by distance/online in your home country, no student visa is required. Otherwise, studying these degrees at UNSW Sydney requires a student visa.

I chose UNSW because it is one of the best universities in Australia. When employers know you have graduated from a prestigious university with a very good reputation, they will be more impressed.

—
Jiang Zhu, China
Master of Professional Accounting

Social Impact

UNSW's Social Impact programs focus on building the professional capacity of social managers and entrepreneurs across the corporate, government and not-for-profit sectors. They are designed to provide skills and knowledge in social entrepreneurship, innovation, investment and governance, enhancing understanding of the dynamics of the social economy. You will gain a deep understanding about how business, social enterprise, government, foundations and community organisations can work together.

Graduate Diploma in Social Impact

Program code 5357
CRICOS code 0101074
Duration 1 year
Entry February, June and September
Estimated tuition A\$48,240

Entry requirements

The Graduate Diploma in Social Impact has three categories of entry:

Category A

A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) as determined by the

UNSW Postgraduate Coursework Entry Calculator; and at least 2 years full-time relevant work experience.

Category B

Professionals without a bachelor degree can apply to the program if they have at least 5 years full-time relevant work experience in government, corporate or not-for-profit sector.

Category C

Students completing the Graduate Certificate in Social Impact (with a minimum overall WAM of 65) are able to articulate into the Graduate Diploma of Social Impact with full course credit given. Applicants must have at least 5 years full-time relevant work experience in government, corporate or not-for-profit.

Graduate Certificate in Social Impact

Program code 7357
CRICOS code 0100131
Duration 0.7 years
Entry February, June and September
Estimated tuition A\$24,120

Entry requirements

- Recognised Bachelor degree (or equivalent qualification) with a credit average as determined by the UNSW Postgraduate Coursework Entry Calculator and a minimum of 2 years' work experience; or
- Minimum of 5 years' relevant work experience in government, corporate or not-for-profit sector.

Pre-doctoral Business

Master of Pre-Doctoral Business

Program code 8635
CRICOS code 096892J
Duration 1 year
Entry February
Estimated tuition A\$48,240

The Master of Pre-Doctoral Business Studies is a pathway for students wanting to undertake a PhD in the UNSW Business School. Business School doctoral students study the first component of the doctoral program, designed to allow students to take up to two successive years of advanced coursework during their doctoral studies.

Entry requirements

The minimum requirements for admissions are:

- The equivalent of a three year undergraduate degree, plus a postgraduate degree in a relevant discipline from UNSW with an overall average grade of at least 75 (Distinction); or
- The equivalent of multiple undergraduate degrees (E.g. a double degree) from UNSW with at least one degree in a relevant discipline and an overall average grade of at least 75 (distinction); or
- The equivalent of a four year bachelor degree with first or upper second class honours from UNSW in a relevant discipline.
- Applicants of the economics stream must provide results for the GRE unless waived by the Stream Convenor.

• Applicants of the marketing stream must provide results for the GMAT unless waived by the Stream Convenor

• All applicants will also be required to submit a 300 word statement outlining their research interests as well as the contact details of three potential referees.

Admission will ultimately be at the discretion of the UNSW Business School and will rely on the Business School having appropriate research supervision capacity and resources available for an applicant's research interests.

Research Programs

UNSW Business School is internationally recognised for world-class research and our research degrees are an opportunity to expand knowledge in your chosen field.

You will be inspired to think profoundly and develop independent cutting-edge research. The higher degree research programs have been designed to equip candidates with the rigorous skills required for a future research career in the world's elite institutions.

Areas of specialisation

Choose to focus your research in one of the following disciplines:

- Accounting
- Banking and Finance
- Economics
- Information Systems
- Marketing
- Management
- Risk and Actuarial Studies
- Taxation and Business Law

> The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 for further information or contact us on international.grs@unsw.edu.au

Master of Philosophy – Commerce and Economics

Program code 2585
CRICOS code 052630F
Duration 1.5 – 2 years
Entry February, June and September
Estimated first year tuition A\$35,040

Entry requirements

- An undergraduate degree and a coursework masters degree in a related discipline with an overall grade of distinction (75%) or higher; or
- An undergraduate degree, and

• An equivalent academic qualification or research output in the form of publications or relevant work experience.

Areas of specialisation

- Accounting
- Actuarial Studies
- Banking and Finance
- Economics
- Human Resource Management
- Industrial Relations
- International Business
- Information Systems and Management
- Marketing
- Organisational Behaviour
- Strategy and Entrepreneurship
- Taxation and Business Law

Doctor of Philosophy

Duration 3 – 4 years
Entry February, June and September
Estimated first year tuition A\$35,040

Entry requirements

- The equivalent of a three-year undergraduate degree plus a postgraduate degree in a relevant discipline from UNSW with an overall average grade of at least 75 (Distinction); or

- The equivalent of multiple undergraduate degrees (E.g. a double degree) with at least one in a relevant discipline and an overall average grade of at least 75 (Distinction); or

- The equivalent of a four-year bachelor degree with first or upper second-class honours from a relevant discipline.

Engineering

Be empowered at a globally renowned Engineering faculty, where passion, diverse perspectives and a hands-on approach create solutions for a better world.

#1 Engineering faculty in Australia

Make a positive difference in the world through world-class education and research at Australia's #1 Engineering faculty, rated five-stars for employability, teaching and research.*

Learn from the best

Access the world's best facilities coupled with an exciting education experience at UNSW Engineering, with four subjects ranked in the top global 50*: Minerals and Mining, 4th in the world; Civil Engineering, 11th in the world, and 1st in Australia; Electrical Engineering, 35th in the world, and 1st in Australia; Chemical Engineering, 40th in the world.

Engage with industry

Be equipped with the skills needed to succeed in the real world. Join industry and student networking events and gain hands-on practical learning experiences that will empower you with professional knowledge and networks to build a successful career.

Biomedical Engineering

The Master of Biomedical Engineering aims to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. Students with either a medical/biological science or engineering/physical science background who want to further their education in this unique area will benefit from this degree. A Graduate Diploma program is also available.

Master of Biomedical Engineering

Program code 8660

CRICOS code 000929F

Duration 1.7 years

Entry February and September

Estimated first year tuition A\$47,280

Entry requirements

- A recognised four-year bachelor degree with Honours in engineering, science, or medicine, with an average grade of 65%; or
- A graduate diploma in biomedical engineering, such as 5449 Engineering (Biomedical Eng) offered by the GSBmE or the equivalent, with a WAM >= 65.
- Completed 36 UOC in the graduate diploma 5449 Engineering (Biomedical Eng) program, with a WAM >= 65.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Biomedical Engineering

Program code 5449

CRICOS code 000845K

Duration 1 year

Entry February and September

Estimated tuition A\$47,280

Entry requirements

- A three-year Bachelor of Engineering degree with honours (minimum 65% average); or
- A three-year Bachelors degree in a biomedical health-related discipline with honours (either embedded or as a single honours year) (minimum 65% average) and 2 courses of first-year university level mathematics or equivalent.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Master of Engineering

Program code 8621

CRICOS code 067604G

Duration 2 years

Entry February, June and September

Estimated first year tuition A\$47,280

We are ranked 11th in the world, and 1st in Australia for Engineering (Civil and Structural) and 1st in Australia for Engineering and Technology.

QS World University Rankings by Subject, 2020

The Master of Engineering aims to provide deeper project experience and increased technical confidence across selected research disciplines. It's designed for students who don't have an accredited engineering qualification but who have either completed a non-accredited engineering degree or the equivalent of the first three years of an accredited engineering degree.

Entry requirements

Entry is open to students with a four-year non-accredited (under the Washington Accord) Bachelor of Engineering degree or equivalent in a related discipline with a minimum 65% average.

(Applicants who hold a three-year engineering science degree at least equivalent to the first three years of a related engineering degree accredited under the Washington Accord may be considered also.)

Students with three-year British degrees are eligible to apply for UNSW Engineering postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.

Specialisations

- Civil Engineering
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Mining Engineering
- Petroleum Engineering
- Renewable Energy
- Telecommunications

This degree is accredited by Engineers Australia*.

*Mechanical Engineering, Mining Engineering, Petroleum Engineering and Renewable Energy have Provisional Accreditation.

Engineering Science

The Master of Engineering Science features complex, open-ended enquiry-based projects in 25 specialisations. The degree is designed for engineers and graduates seeking to develop and expand their technical knowledge and skills in their area of expertise and to add to their engineering-management skills. A Graduate Diploma and Graduate Certificate in Engineering Science are also offered in numerous specialisations.

Specialisations

The Masters and Graduate Diploma of Engineering Science are offered in the following specialisations (streams) including:

- Biomedical Engineering (*Masters only*)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering (*Masters only*)
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering

- Petroleum Engineering*
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy
- Robotics (*Masters only*)
- Space Systems Engineering (*Masters only*)
- Structural Engineering
- Sustainable Systems (*Masters only*)
- Systems & Control (*Masters only*)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

*Also available for distance study. Offshore international students are not eligible for an Australian student visa for this study mode.

Master of Engineering Science

Program code 8338

CRICOS code 084282A

Duration 2 years

Entry February, June and September

Estimated first year tuition A\$47,280

Entry requirements

Students need a recognised four-year bachelor degree in an appropriate area of engineering with a minimum 65% average as determined by the UNSW Postgraduate Entry Score Calculator in a relevant discipline.

Students with three-year British degrees are eligible to apply for UNSW Engineering's postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

When selecting the Petroleum Engineering specialisation, you have access to the Open Learning program

See unsw.to/engpgg-open-learning-program for further information.

This applies for the Master of Engineering Science as well as the Graduate Diploma and Graduate Certificate in Engineering Science.

Graduate Diploma in Engineering Science

Program code 5341

CRICOS code 084279G

Duration 1 year

Entry February, June and September

Estimated tuition A\$47,280

Entry requirements

A recognised four-year degree in a relevant discipline of engineering or a three- or four-year engineering or science degree plus relevant professional experience with a minimum 65% average.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Certificate in Engineering Science

Program code 7320

CRICOS code 084278G

Duration 0.7 years

Entry February, June and September

Estimated tuition A\$23,640

Entry requirements

A recognised four-year degree in a relevant discipline of engineering or a three- or four-year engineering or science degree plus relevant professional experience with a minimum 65% average.

Specialisations

The Graduate Certificate in Engineering Science is offered in the following specialisations (streams):

- Civil Engineering
- Nuclear Engineering (T3 intake only)

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

The degree I chose is something between engineering and business and the opportunity to choose different courses was very good. I really like the flexibility and I can concentrate on the things I am interested in.

–
Marsel Rabaev, Russia
Master of Engineering Science

Graduate Certificate in Petroleum Engineering

Program code 7343

CRICOS code 088768B

Duration 0.7 years

Entry February and September

Estimated tuition A\$35,460

Are you an engineering or science graduate, or a petroleum industry professional seeking to expand or update your technical know-how and skills in petroleum engineering? The Graduate Certificate in Petroleum Engineering covers the fundamentals and applications of drilling engineering, reservoir engineering, petroleum technology, business principles and business management.

Entry requirements

Entry into the Graduate Certificate in Petroleum Engineering can be via two pathways:

- **Entry pathway 1:** a three- or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution with a minimum 65% average; or
- **Entry pathway 2:** consideration will be given on an individual basis for those with relevant petroleum industry experience with vocational training based on the portfolio supporting the application. A minimum of five years of full-time relevant professional and/or responsibility in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (i.e. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

For entry pathway 2, a portfolio is to be provided to support the application for postgraduate coursework study. More details on handbook: handbook.unsw.edu.au/postgraduate/programs/current/7343

Open Learning program – see unsw.to/engpgg-open-learning-program for further information.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Food Science

Food scientists and graduates wishing to advance their skills, as well as engineers seeking to move into food science, will work on a complex, open-ended research-based project as part of the Master of Food Science. Gain a deep understanding of the agrifood business and develop the ability to analyse food-science problems. A Graduate Diploma program is also available.

*From 2021 this program will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au

Master of Food Science

Program code 8037

CRICOS code 084283M

Duration 2 years

Entry February, June* and September

Estimated first year tuition A\$47,280

Entry requirements

- Students must hold either a bachelor degree in food science with honours and a minimum 65% average as determined by the UNSW Postgraduate Entry Score Calculator*; or,
- A Graduate Diploma in Food Science from UNSW; or,
- An equivalent qualification from another recognised university or tertiary institution.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Food Science

Program code 5037

CRICOS code 084280C

Duration 1 year

Entry February, June* and September

Estimated tuition A\$47,280

Entry requirements

- Students must hold a bachelor degree in food science or a cognate discipline (such as chemical engineering or biochemistry), with an average mark of at least 65%; or
- An equivalent qualification from a recognised university or tertiary institution.

Specialisations

Students must complete 48 UOC of courses to be eligible for the Graduate Diploma in Food Science.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Information Technology

Information technology is moving quickly – the Master of Information Technology is your opportunity to be at the forefront of creating future technologies. The degree will train you to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology is also available and is suitable for those with little or no computing background.

Specialisations

Students must complete either one or two of the following streams:

- Artificial Intelligence
- Bioinformatics
- Database Systems
- Data Science & Engineering
- eCommerce Systems
- Information Technology
- Internetworking

Master of Information Technology

Program code 8543

CRICOS code 061294J

Duration 2 years

Entry February, June and September

Estimated first year tuition A\$47,280

Entry requirements

- A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and an average mark of 65% overall; or
- Completion of the Graduate Diploma in Information Technology (5543) and a minimum 65% average or no fails; or
- Completion of the Graduate Certificate in Computing (7543), and a 65% average achieved overall.

Note: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Information Technology

Program code 5543

CRICOS code 061293K

Duration 1 year

Entry February, June and September

Estimated tuition A\$47,280

Entry requirements

- A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline that included at least three mathematics courses and a 65% average achieved overall; or
- Completion of the Graduate Certificate in Computing (7543), and an average mark of 65% overall or no fails.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Certificate in Computing

Program code 7543

CRICOS code 052690E

Duration 0.7 years

Entry February, June and September

Estimated tuition A\$23,640

Want to complete a short qualification in Computing? With the Graduate Certificate in Computing, you will study four advanced topics to complement or update your existing qualifications. Those with no Computing background can do four introductory courses before considering a higher qualification. You may be able to articulate to the Graduate Diploma in Information Technology.

Entry requirements

- A three year undergraduate degree equivalent to a standard Australian bachelor degree, and a minimum 65% average; or
- At least three years work experience in the area of science or engineering; or
- Other applications will be considered on a case by case basis based on a combination of education and work experience.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Mining Engineering

If you're currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering and to choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

Master of Mining Engineering

Program code 8335
CRICOS code 084284K
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$47,280

Entry requirements

A recognised four-year (honours) degree in Mining Engineering, Engineering Geology, Civil Engineering, or Geotechnical Engineering. A minimum WAM of 65% is also required and professional experience in the mining industry will be highly regarded. Full details on entry requirements are available at engineering.unsw.edu.au/mining-engineering

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma in Mining Engineering

Program code 5335
CRICOS code 084281B
Duration 1 year
Entry February and September
Estimated tuition A\$47,280

Entry requirements

- A recognised four-year degree in mining engineering or a related engineering or physical sciences discipline from a recognised institution with a minimum WAM of 65%; or;
- A three-year degree with a minimum WAM of 65% plus a minimum of one year relevant industry experience
- A graduate certificate in mining from UNSW with a minimum WAM of 65% and no course fails.

The School of Minerals and Energy Resources Engineering offers a Graduate Certificate in Mining Engineering (7335) to allow a more flexible entry mode for applicants who have limited tertiary qualifications.

Note: students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Specialisations

- Mine Geomechanics
- Mine Management

Graduate Certificate in Mining Engineering

Program code 7335
Duration 1 year (online)
Entry February and September
Estimated tuition A\$47,280

Entry requirements

Entry to this program is based on:

- **Entry pathway 1** – Relevant mining industry experience with vocational training. A minimum of 4 years of full-time relevant professional and/or responsibility in the mining industry; or
- **Entry pathway 2** – A degree in other technical disciplines from a recognised institution. Other technical disciplines include Surveying, Accounting, Business, Economics, Information Technology/ Systems, Biology and Pharmacy for example. A minimum of 1 year relevant industry experience is essential for applicants with a three-year degree and is highly regarded for applicants with a four-year degree.

Entry is considered for each individual based on portfolio supporting the application, including details of relevant industry experience.

International students are not eligible for an Australian student visa for this program.

Engineering Postgraduate Admission Scheme (EPAS)

If you apply to UNSW Engineering for a Masters (Coursework) program and are instead offered a Graduate Diploma placement, don't lose heart. You may still be able to enter the Masters (Coursework) program through the Faculty of Engineering's Postgraduate Admissions Scheme (EPAS).

This scheme is an alternative pathway for engineering students applying for postgraduate coursework study. The process includes an interview and successful students will receive an offer for their chosen Masters program.

EPAS is currently only available for Masters coursework programs, not for Graduate Certificates or Diplomas. All applicants will be assessed for EPAS eligibility, and if you're eligible to try for EPAS, we'll be in touch. Please note that you must apply first for a Masters coursework program to be considered for EPAS.

Research

UNSW Engineering offers two higher degree research programs, a Doctor of Philosophy (PhD) and a Master of Philosophy (MPhil) in Engineering. Both are available across all eight engineering Schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing knowledge of relevance both nationally and internationally.

Each degree requires submission of a thesis embodying the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia's leading researchers.

Research Programs

Master of Philosophy - Engineering

Program code 2645
CRICOS code 092961M
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$48,000

Entry requirements

An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Applicants should have been in contact with a potential supervisor before applying for the program.

Specialisations

- Biomedical Engineering BIOMBR2645
- Chemical Engineering CEICFR2645
- Civil & Environmental Engineering CVENBR2645
- Computer Science and Engineering COMPFR2645
- Electrical Engineering ELECBR2645
- Food Science FOODIR2645
- Geospatial Engineering GMATBR2645
- Mechanical & Manufacturing Engineering MECHBR2645
- Mining Engineering MINEGR2645
- Petroleum Engineering PETRBR2645
- Photovoltaic Engineering SOLAER2645
- Renewable Energy Engineering SOLADR2645

Doctor of Philosophy

Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$48,000

a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

For further details of engineering research areas see engineering.unsw.edu.au/research

Specialisations

- Biomedical Engineering (1710)
 CRICOS code 001014G
- Chemical Engineering (1010)
 CRICOS code 008928J
- Civil and Environmental Engineering (1630)
 CRICOS code 001016F
- Computer Science and Engineering (1650)
 CRICOS code 009487K

Entry requirements

An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from

- Electrical Engineering (1640)
 CRICOS code 008977M
- Food Science and Technology (1031)
 CRICOS code 001889A
- Geospatial Engineering (1682)

- Petroleum Engineering (1017)
 CRICOS code 008931C
- Photovoltaic Engineering (1655)
 CRICOS code 047176K

Law

Immerse yourself in the real-world practice of law and learn from a school that is underpinned by an ethos of justice for all.

Join a top global Law School

Ranked the 14th law school in the world*, UNSW Law has been setting the pace as Australia's leader in progressive and rigorous legal education and research for almost 50 years.

Employer reputation

We are ranked 15th in the world for Employer Reputation*, so you'll graduate job-ready and highly sought-after by top Australian and international employers. Build a global experience into your degree through exchange, by undertaking one of our overseas elective courses or an internship abroad. Choose from more than 80 exchange destinations at leading law schools around the world.

Interactive teaching environment

Seminar-style classes give you the chance to ask questions, develop your ideas, grow your critical and analytical mind, and get to know your peers and lecturers. Be part of the student-focused, interactive teaching environments that pioneered Australian legal education.

White collar crime lawyers

Law

Practical Legal Training (PLT) is a requirement for those seeking admission to the legal profession in Australia. Graduates of the UNSW PLT program will be awarded a Graduate Diploma in Legal Professional Practice (GDLPP).

UNSW's innovative approach to PLT is designed to develop both practical skills and proficiency in the day-to-day practice of law and to ensure graduates don't just satisfy the competency standards for entry-level lawyers, but surpass them.

The program covers the skills required to be a legal practitioner in Australia. Practice content includes *Litigation and Transactional (Property, Commercial and Corporate)*, as well as electives in practice areas *Administrative Law, Banking and Finance, Criminal Law, Family Law, Employment and Industrial Relations*, and *Wills and Estates*. A total of 40 days' work experience forms part of the program, with opportunities to obtain placements in UNSW legal centres and clinics.

Completion of the GDLPP (a PLT program) is a key requirement for admission as a lawyer in NSW.

Graduate Diploma in Legal Professional Practice

Program code 5213
Duration 0.5 years
Entry February and September
Estimated tuition A\$13,800 (*The indicative fee indicated is for the standard program. The indicative fee for the program with Practicum is A\$16,560.*)

Entry requirements

Candidates require a completed accredited academic qualification in law – either a Bachelor of Laws degree, a Juris Doctor degree, or an equivalent qualification from an Australian tertiary institution.

Academic qualifications from a jurisdiction outside Australia need to be assessed by the Legal Profession Admission Board (NSW) before applying to undertake Practical Legal Training (PLT).

Early start rule:

Candidates may commence the PLT program prior to completing their accredited

academic qualification in law as long as they have completed all Priestley 11 core courses and have no more than 2 electives remaining. This is known as the early start rule and students must seek approval from the Legal Profession Admission Board (LPAB).

Important note for International Students

Please be advised this program is not CRICOS registered. Prospective international students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. International students are advised to seek independent immigration advice about their visa options. Students based overseas also need to be aware that the five-day face to face component of Skills in Practice is held on campus at UNSW and the mandatory workplace experience component (Workplace Experience 1) must be undertaken in Australia.

Professional recognition

This graduate diploma is accredited by the Legal Profession Admission Board.

For more information visit law.unsw.edu.au/plt

Master of Laws

Program code 9201
CRICOS code 000733G
Duration 1 year
Entry February, June and September
Estimated tuition A\$43,920

The UNSW Master of Laws (LLM) is a highly-regarded, internationally-recognised postgraduate program designed to expand your legal knowledge and accelerate your career. Law graduates will find this program

appealing as it allows them to acquire a new field of legal knowledge for career change, career advancement or professional development. For non-law graduates, the acquired legal knowledge and skills will be particularly useful in understanding how the law works in their industry.

Specialisations

Students will be able to choose from eight areas of specialisation that reflect UNSW Law's expertise and the latest developments in legal education and research:

- Chinese and International Business and Economic Law

- Corporate, Commercial and Taxation Law
- Criminal Justice and Criminology
- Dispute Resolution
- Environmental Law and Sustainable Development
- Human Rights Law and Policy
- International Law
- Media, Intellectual Property and Technology Law

Alternatively, students can do a generalist LLM and choose courses from across all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

For more information visit law.unsw.edu.au/master-of-laws

Entry requirements

This program is open to law and non-law graduates. Please see the table to the right for minimum entry requirements.

Minimum entry requirements	Degree structure
LLB or JD from a common law country with a credit average (65%). Applicants without a credit average will be considered if they can demonstrate a minimum of two years relevant professional experience*	8 elective courses (48 UOC)
LLB or JD from a non-common law country with a credit average (65%). Applicants without a credit average will be considered if they can demonstrate a minimum of two years relevant professional experience*	8 courses (48 UOC) including one compulsory course: Global Common Law Systems
Degree in a related non-law discipline (e.g. Social Sciences or Humanities) with a credit average (65%). Applicants without a credit average will be considered if they can demonstrate a minimum of two years relevant professional experience*	8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems
Degree in an unrelated non-law program (e.g. Science or Engineering) with a credit average and two years relevant professional experience*	8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems

*Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policy-making, handling contracts or engaging with the justice system as a social worker or criminologist.

Juris Doctor (JD)

Program code 9150
CRICOS code 068850G
Duration 3 years
Entry February and September
Estimated first year tuition A\$46,320

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. It's designed for students who wish to pursue postgraduate studies in law but who don't have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements

A recognised bachelor degree or equivalent qualification in any discipline other than law, or a recognised non-Australian law degree.

Professional recognition

The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practise in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

For more information visit law.unsw.edu.au/jd

Research

UNSW Law has particular research strengths in:

- Criminal Law, Criminal Justice and Criminology
- Environmental Law
- Human Rights

- Indigenous Peoples and the Law
- International Law and Global Governance
- Laws of the Asia Pacific
- Legal and Regulatory Theory
- Legal Education and Experiential Learning
- Private, Corporate and Commercial Law

- Public Law
- Socio-legal Studies
- Technology, Law and Innovation

For more information visit law.unsw.edu.au/research-degrees.

Research programs

Doctor of Philosophy

Program code 1730
CRICOS code 006396D
Duration 3 – 4 years
Entry February, June and September
Estimated first year tuition A\$43,440

Entry requirements

Recognised masters degree (including a substantial research component) with a minimum distinction average (75%); or a recognised bachelor degree with honours class II, division (I) that includes a substantial research component; or a recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent to 75%; or an equivalent combination of academic and professional qualifications.

Program structure

The Doctor of Philosophy gives you the opportunity to conduct a research project that will make a significant and original contribution to an area of knowledge. You'll acquire advanced specialist skills training to produce a thesis that provides evidence of independent thought and critical analysis. It requires a minimum of three years' full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research

Program code 2440
CRICOS code 006395E
Duration 1.5 – 2 years
Entry February, June and September
Estimated first year tuition A\$43,440

Entry requirements

Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component; or a recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent to 75%; or an equivalent combination of academic and professional qualifications.

Program structure

This program requires a minimum of 1.5 years of full-time study, completion of required units in research methods and the preparation of a thesis (approximately 50,000 words including footnotes).

Medicine

Prepare yourself for the future of health and join a community focused on improving life for all.

Top 50 medical school

Start your health and medical studies at a university driven by innovation and excellence. UNSW is proud to rank 46th in the world for Medicine* and among Australia's leaders in medical education and research.

*QS World University Rankings, 2020

World leader for medical research

Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

Immersive learning

Experience clinical, hands-on training, interacting with patients and health professionals in some of Australia's largest hospitals and health organisations. Apply your skills to real patients and global health problems.

Forensic Mental Health

Designed for mental health professionals – including medical practitioners, nurses and psychologists – the Master of Forensic Mental Health provides comprehensive training in forensic mental health. The online program is also open to members of the legal, policing and correctional professions. You will develop your capacity to assess and manage individuals from diverse backgrounds. Graduate Diploma and Graduate Certificate programs are also available.

Master of Forensic Mental Health

Program code 9012
Duration 1 year part-time (online)
Entry February and September (February commencement recommended)
Estimated first year tuition A\$31,440

Entry requirements

A bachelor degree in health, law, criminology, or other relevant discipline plus honours/ postgraduate qualifications in one of those disciplines or two years professional experience in health, law, criminology, or other relevant discipline.

Graduate Diploma in Forensic Mental Health

Program code 5512
Duration 0.8 years part-time (online)
Entry February and September (February commencement recommended)
Estimated first year tuition A\$23,580

Entry requirements

Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/ postgraduate qualifications in one of those disciplines or two years professional experience in health, law, criminology, or other relevant discipline.

Graduate Certificate in Forensic Mental Health

Program code 7312
Duration 0.7 years part-time (online)
Entry February and September (February commencement recommended)
Estimated tuition A\$15,720

Entry requirements

Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/ postgraduate qualifications in one of those disciplines or two years professional experience in health, law, criminology, or other relevant discipline.

Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data wrangling and management, machine learning and data mining, data analytics, and data modelling and communication. The degree is intended for those new to the field or already working and keen to develop their knowledge. Graduate Diploma and Graduate Certificate programs are also available.

[^]September intake available to offshore applicants only.

Master of Science in Health Data Science

Program code 9372
CRICOS code 096225M
Duration 1.7 years (online option)
Entry February, September[^]
Estimated first year tuition A\$40,140

Entry requirements

• An undergraduate degree in a discipline cognate to health data science (see cognate list below*); or

- An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
- Completion of a Graduate Diploma in Health Data Science; or
- Postgraduate qualification equivalent or higher than Graduate Diploma in Health Data Science (5372) on a case-by-case basis.

**Cognate includes medicine, nursing, allied health, health sciences, biomedical or biological sciences, dentistry, pharmacy, public health, veterinary sciences, psychology and psychological sciences, statistics, mathematical sciences, computer science, (health) economics, data science and other (case-by-case).*

Graduate Diploma in Health Data Science

Program code 5372
CRICOS code 096226K
Duration 1 year (online option)
Entry February, September[^]
Estimated tuition A\$40,140

Entry requirements

• Successful completion of Graduate Certificate in Health Data Science (7372) or equivalent/higher qualification on a case-by case basis; or

- Meet entry requirements given of the Master of Science in Health Data Science program.

Graduate Certificate in Health Data Science

Program code 7372
CRICOS code 096227J
Duration 0.7 years (online option)
Entry February and September[^]
Estimated first year tuition A\$20,580

Entry requirements

• An undergraduate degree in a discipline cognate to health data science (see cognate list below*); or

- An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
- An undergraduate degree in a non-cognate discipline; and
- At least 1 year equivalent relevant work experience (see relevant work experience below**) with supporting CV and employer provided statement of service; or
- At least 3 years equivalent relevant work experience (see relevant work experience below**) with supporting CV and employer provided statement of service.

**Cognate includes medicine, nursing, allied health, health sciences, biomedical or biological sciences, dentistry, pharmacy, public health, veterinary sciences, psychology and psychological sciences, statistics, mathematical sciences, computer science, (health) economics, data science and other (case-by-case).*

***Relevant professional work experience includes but is not limited to positions involving the acquisition and handling of data (e.g. database manager or data analyst) and tertiary-level training, demonstrating capability in a cognate discipline & exhibits potential to pursue postgraduate (level 8) studies.*

Health Leadership and Management

The Master of Health Leadership and Management aims to promote health leadership in areas of strategic planning, policy and decision making. It emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. A Health Leadership and Management (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

Master of Health Leadership and Management (Extension)

Program code 8902
CRICOS code 059316D
Duration 1, 1.7 or 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

Transfer will be considered on completion of the Master of Health Leadership and Management (8901) or equivalent with a minimum credit average and submission of an acceptable research proposal.

Professional recognition

This program is recognised by the Royal Australasian College of Medical Administrators and the Australasian College of Health Service Management.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Master of Health Leadership and Management

Program code 8901
CRICOS code 059315E
Duration 1 year (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

• An undergraduate degree in a field relevant to public health or health management (see list) and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD); or

- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below.)

Examples of relevant fields include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Professional recognition

This program is recognised by the Royal Australasian College of Medical Administrators and the Australasian College of Health Service Management.

Graduate Diploma in Health Leadership and Management

Program code 5509
CRICOS code 061249C
Duration 1 year (online option)
Entry February, June and September
Estimated tuition A\$35,460

Entry requirements

Please see Master of Health Leadership and Management (8901).

Professional recognition

This program is recognised by the Australasian College of Health Service Management.

Graduate Certificate in Health Leadership and Management

Program code 7360
CRICOS code 015016B
Duration 0.7 years (online option)
Entry February, June and September
Estimated tuition A\$23,640

Entry requirements

Please see Master of Health Leadership and Management (8901).

Professional recognition

This program is recognised by the Australasian College of Health Service Management.

Master of Public Health/ Health Leadership and Management

Program code 9047
CRICOS code 061598D
Duration 1.7 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Health Leadership and Management and Master of Public Health double degree provides essential knowledge and skills for both a career in population health and leadership roles in health service delivery. The combination of degrees will give you sophisticated capabilities for leading in and managing complex health settings, including the capacity for improving health service outcomes.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Health Leadership and Management/Infectious Diseases Intelligence (Extension)

Program code 9365
CRICOS code 0100680
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Global Health/ Health Leadership and Management

Program code 9044
CRICOS code 068961M
Duration 1.7 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Global Health and Master of Health Leadership and Management is a double degree providing you the knowledge and skills to carry out senior management and leadership roles in population, clinical and departmental health services. It is designed for those keen to work internationally in health departments, with non-government organisations (NGOs), and with international and bilateral aid agencies.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Health Leadership and Management (Extension)/ Infectious Diseases Intelligence

Program code 9368
CRICOS code 0100683
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Health Leadership and Management/Infectious Diseases Intelligence

Program code 9041
CRICOS code 096230C
Duration 1.7 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Health Leadership and Management and Master of Infectious Diseases Intelligence double degree provides you with the advanced disciplinary knowledge and skills to undertake infectious diseases prevention and control and health services management roles in government, community and health service settings in Australia and internationally.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Public Health/ Master of Health Leadership and Management (Extension)

Program code 9057
CRICOS code 089844J
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Health Leadership and Management (Extension) and Master of Public Health double degree will help you develop research skills in health management and gain the advanced disciplinary knowledge to undertake population health and health services management roles in government, community and health service settings in Australia and internationally.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master Public Health (Extension)/Master of Health Leadership and Management

Program code 9056
CRICOS code 089839F
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Health Leadership and Management and Master of Public Health (Extension) double degree will help you to develop research skills in public health and gain the disciplinary knowledge to undertake population health and health services management roles in government, community and health service settings in Australia and internationally.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Infectious Diseases Intelligence

The Master of Infectious Diseases Intelligence is designed to give stakeholders from any sector a better understanding of infectious diseases intelligence in the era of new and emerging disease threats. The program prepares graduates for a career in health emergencies, outbreaks, infectious diseases risk assessment and emergency response related to infectious diseases. Graduate Diploma and Graduate Certificate programs are also available. The program can also be taken as a double degree with Public Health, Global Health or Health Leadership and Management.

Graduate Diploma in Infectious Diseases Intelligence

Program code 5362
CRICOS code 0100356
Duration 0.7 years
(online option)
Entry February, June
and September
Estimated tuition A\$35,460

Entry requirements

Please see Master of Infectious Diseases Intelligence (8362). This program articulates with a range of other master degrees, including in International Health.

Master Global Health/ Master of Health Leadership and Management (Extension)

Program code 9058
CRICOS code 089845G
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

By undertaking the Master of Global Health and Master of Health Leadership and Management (Extension) you will specialise in both Global Health and Health Leadership and Management and complete a research project in Health Leadership and Management. The double degree meets a well-recognised need to strengthen public health, health leadership and health management capacities within resource-constrained settings in global contexts.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Graduate Certificate in Infectious Diseases Intelligence

Program code 7362
CRICOS code 0100357
Duration 0.7 years
(online option)
Entry February, June
and September
Estimated tuition A\$23,640

Entry requirements

Please see Master of Infectious Diseases Intelligence (8362). This program articulates with a range of other master degrees, including in Global Health.

Master Global Health (Extension)/Master of Health Leadership and Management

Program code 9053
CRICOS code 089837G
Duration 2 years
(online option)
Entry February, June
and September
Estimated first year tuition
A\$47,280

The Master of Global Health (Extension) and Master of Health Leadership and Management double degree is an innovative approach to postgraduate health education, enabling you to specialise in both Global Health and Health Leadership and Management, and complete a research project in Global Health. This double degree meets a well-recognised need to strengthen health leadership within resource-constrained settings in global contexts.

Entry requirements

Please see Master of Health Leadership and Management (8901).

Master of Infectious Diseases Intelligence

Program code 8362
CRICOS code 089223E
Duration 1 year (online option)
Entry February, June
and September
Estimated tuition A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list below)* and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below).*

**Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.*

Master of Global Health/ Public Health

Program code 9043
CRICOS code 068960A
Duration 1.7 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

The Master of Public Health is widely recognised as essential if you want to work in population health, while the Master of Global Health is a sought-after qualification relevant to international health priorities and settings. Combined, these programs provide you with the deep understanding required for a career in Global Health.

Entry requirements

Please see Master of Global Health (9048)

Graduate Diploma in Global Health

Program code 5567
CRICOS code 068958F
Duration 1 year(online option)
Entry February, June and September
Estimated tuition A\$35,460

Entry requirements

Please see Master of Global Health (9048)

Master of Global Health (Extension)

Program code 9051
CRICOS code 089221G
Duration 1.7 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

Completion of the Master of Global Health (9048) or equivalent with a minimum credit average and submission of an acceptable proposal.

Graduate Certificate in Global Health

Program code 7367
CRICOS code 068959E
Duration 0.7 years (online option)
Entry February, June and September
Estimated tuition A\$23,640

Entry requirements

Please see Master of Global Health (9048)

Master of Global Health/ Infectious Diseases Intelligence

Program code 9042
CRICOS code 096229G
Duration 1.7 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

The Master of Global Health and Master of Infectious Diseases Intelligence double degree is an innovative approach to postgraduate health education. It enables you to better understand infectious diseases in the era of new and emerging disease threats as well as management approaches for the identification, assessment, prevention and control of infectious diseases.

Entry requirements

Please see Master of Global Health (9048)

Master of Global Health/ Infectious Diseases Intelligence (Extension)

Program code 9364
CRICOS code 0100678
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Global Health (Extension)/Infectious Diseases Intelligence

Program code 9367
CRICOS code 096229G
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Pharmaceutical Medicine

Master of Pharmaceutical Medicine

Program code 9370
Duration 1 year (online)
Entry February, June and September
Estimated first year tuition A\$31,440

Looking to enter a key role in the pharmaceutical industry? The Master of Pharmaceutical Medicine provides high-level education in all aspects of medicines used for therapeutic treatment. The degree offers wide-ranging graduate opportunities, including in early-stage research and development, clinical trials, pharmacovigilance, regulatory affairs, medical affairs and pharmacoconomics.

Entry requirements

- 3 year undergraduate degree in a cognate discipline plus at least one year of relevant industry experience or 4 year undergraduate degree or higher qualifications in a cognate discipline. Cognate discipline is defined as a degree in one of the following disciplines:
- biomedical/biological sciences
 - pharmacy
 - nursing
 - veterinary science
 - chemistry/medicinal chemistry
 - medicine
 - other (case-by-case basis)

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Public Health

The Master of Public Health will prepare you for education, research and service in all aspects of public health, by providing a sophisticated understanding of the multidisciplinary area of public health. You will acquire a deep understanding and skills for research, professional practice and further learning. A Master of Public Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence.

Master of Public Health

Program code 9045
CRICOS code 008969M
Duration 1 year (online option)
Entry February, June and September
Estimated tuition A\$47,280

**Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.*

Specialisations

The following specialisations are available in the Master of Public Health program:

- Aboriginal Health and Wellbeing
- Health Economic Evaluation
- Health Promotion
- Infectious Diseases Epidemiology and Control
- International Health
- Primary Health Care
- Public Security
- Quantitative Research Methods
- Social Research

Entry requirements

- An undergraduate degree in a field relevant to public health or health management (see list below)* and 2 years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below)*

Master of Public Health/Infectious Diseases Intelligence (Extension)

Program code 9363
CRICOS code 0100684
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Public Health (Extension)/Infectious Diseases Intelligence

Program code 9366
CRICOS code 0100681
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

- An undergraduate degree in a field relevant to public health or health management and two years full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD); or
- An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management.

Master of Public Health (Extension)

Program code 9046
CRICOS code 061597E
Duration 1.7 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

Entry requirements

Transfer considered on completion of the Master of Public Health (9045) or equivalent with a minimum credit average and submission of an acceptable research proposal.

Graduate Certificate in Public Health

Program code 7368
CRICOS code 028076E
Duration 0.7 years (online option)
Entry February, June and September
Estimated tuition A\$23,640

Entry requirements

Please see Master of Public Health (9045).

Graduate Diploma in Public Health

Program code 5507
CRICOS code 028073G
Duration 1 year (online option)
Entry February, June and September
Estimated tuition A\$35,460

Entry requirements

Please see Master of Public Health (9045).

Master of Public Health/Global Health (Extension)

Program code 9052
CRICOS code 089846G
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

The Master of Global Health (Extension) allows high-achieving students to extend their studies by completing additional courses and a research project in Global Health. The Master of Public Health is essential for a career in population health. This combination of degrees will cultivate sophisticated knowledge and skills in public health in both local and global settings

Entry requirements

Please see Master of Global Health (9048).

Master of Public Health/Infectious Diseases Intelligence

Program code 9059
CRICOS code 096231B
Duration 1.7 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

The Master of Public Health and Master of Infectious Disease Intelligence is a double degree providing essential skills for those pursuing a career in public health with a focus on infectious diseases epidemiology and control. The dual program enables students to better understand infectious diseases in the era of new and emerging disease threats.

Entry requirements

Please see Master of Infectious Diseases Intelligence (8362).

Master of Public Health (Extension)/Global Health

Program code 9054
CRICOS code 089838G
Duration 2 years (online option)
Entry February, June and September
Estimated first year tuition A\$47,280

The Master of Global Health is a sought-after qualification in international health, while the Master of Public Health (Extension) will provide an opportunity to extend your studies by completing additional courses and a research project. This combination of degrees will cultivate sophisticated knowledge and skills in public health in both local and global settings.

Entry requirements

Please see Master of Public Health (9045).

Reproductive Medicine

The Master of Reproductive Medicine will provide GPs, family planning practitioners and specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give an advanced understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate Diploma and Graduate Certificate programs are also available.

Master of Reproductive Medicine

Program code 9065
Duration 1 year (online)
Entry February and September
Estimated tuition A\$31,440

Entry requirements

An undergraduate degree in medicine, nursing, health or medical science and:
 • an honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health or medical science; or
 • Commencement of a recognised postgraduate medical specialist training

program (e.g. general practice, obstetrics & gynaecology); or

- 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

Graduate Diploma in Reproductive Medicine

Program code 5508
Duration 0.8 years (online)
Entry February and September
Estimated tuition A\$23,580

Entry requirements

An undergraduate degree in medicine, nursing, health, or medical science and:
 • An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science; or
 • Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or

- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Graduate Certificate in Reproductive Medicine

Program code 7379

Duration 0.7 years (online)

Entry February and September

Estimated tuition A\$15,720

Entry requirements

An undergraduate degree in medicine, nursing, health, or medical science and:

- an honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science; or
- Commencement of a recognised postgraduate medical specialist training

program (e.g. general practice, obstetrics & gynaecology); or

- 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

Women's Health

The Master of Women's Health Medicine will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women's health medicine. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Women's Health Medicine

Program code 9014

Duration 1 year (online)

Entry February and September

Estimated tuition A\$31,440

Professional recognition

Successful completion of a recognised postgraduate study program will generally be considered as evidence of a candidate's commitment to ongoing education and development, as required by most professional organisations and bodies both in Australia and internationally.

Entry requirements

An undergraduate degree in medicine, nursing, health, or medical science and:

- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science; or

- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or

- 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

Graduate Certificate in Women's Health Medicine

Program code 7014

Duration 0.7 years (online)

Entry February and September

Estimated tuition A\$15,720

Entry requirements

An undergraduate degree in medicine, nursing, health, or medical science and:

- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science; or

- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology); or

- 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 105 for further information or contact us on international_grs@unsw.edu.au

Research Programs

Masters by Research

Duration 1.5 - 2 years
Entry February and September
Estimated first year tuition A\$40,800 (except for Medicine (2515) A\$49,680)

Health Administration (2960)
 CRICOS code 000731J

Health Professions Education (2885)
 CRICOS code 000964C

Medicine (2515) CRICOS code 059839K

Public Health (2845) CRICOS code 000734F

Entry requirements

An appropriate four year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - Forensic Mental Health

Program code 2712
CRICOS code 065304B
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$49,680

Entry requirements

An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Master of Philosophy - Public Health

Program code 2713
CRICOS code 068776A
Duration 1.7 years
Entry February, June and September
Estimated first year tuition A\$40,800

Entry requirements

An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Master of Science by Research

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$49,680

Anatomy (2800) CRICOS code 000997E

Community Medicine (2810) CRICOS code 000998D

Medicine (Prince of Wales Clinical School) (2820) CRICOS code 000986G

Psychiatry (2880) CRICOS code 009483C

Rural Health (2835) CRICOS code 041972G

Entry requirements

An appropriate four year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Surgery by Research

CRICOS code 001009E
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$49,680

Surgery (Prince of Wales Clinical School) (2860)

Surgery (South Western Sydney Clinical School) (2861)

Surgery (St George and Sutherland Clinical School) (2862)

Surgery (St Vincent's Clinical School) (2863)

Entry requirements

An appropriate four year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Generally, candidates must have at least three years' experience of surgical training and there should be a lapse of five years before the thesis is submitted from the date of the award of the undergraduate medical degree.

Doctor of Philosophy

Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$49,680

Anatomy (1750) CRICOS code 001048J

Children's Cancer (1825) CRICOS code 001053A

(1770), Medicine (South Western Sydney Clinical School) (1771) CRICOS code 001050D
 Rural Health (1795) CRICOS code 041947J
 Psychiatry (1800) CRICOS code 001058G

Entry requirements

An appropriate four year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy - Public Health and Community Medicine

Program code 1835
CRICOS code 051506G
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$40,800

Entry requirements

An appropriate four year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or MBBS (from an Australian or New Zealand university) or professional experience as acceptable to the Faculty Higher Degree

Committee; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee. Proof of research experience as acceptable to the Higher Degree Committee of the Faculty.

The dual masters in international public health and health management has provided me with the tools and skills to tackle health care challenges with a global perspective. It has been a privilege to be among and learn from experts and leaders in their fields.

–
Nikita Bathla, India
 Master of International Public Health/Health Management

Science

Think big and form deeper connections with our world. Explore areas of science that prepare you with the skillsets needed for tomorrow's workforce.

Top 50 in the world

The brightest minds converge to learn, explore and discover at UNSW Science, with five subjects ranked in the global top 50 including Psychology 22nd; Environmental Sciences 23rd; Earth & Marine Sciences 31st, Mathematics 36th; and Materials Science 42nd.

*QS World University Rankings by Subject, 2020

Research and teaching excellence

Driven by the ethos of collaboration, exploration and accomplishment, here you can access world-class laboratories, clinics and simulators that will equip you with the tools to explore new frontiers and make profound scientific discoveries to benefit society.

World-class education

Join a vibrant and welcoming community that prepares you for real-world challenges. Be taught by innovative, passionate and pioneering educators, and access high-profile industry partners. You will be equipped to achieve your career goals and make an impact.

Aviation

Developed in consultation with industry, the Master of Aviation Management provides managers and professionals with the skills and knowledge to succeed in contemporary aviation management. It is designed for students who have a degree and relevant industry experience. Students who do not have a degree but who have at least one year of relevant industry experience can enrol in the Graduate Diploma program. Both programs are taught entirely online.

Master of Aviation Management

Program code 8741
Duration 2 years (online)
Entry February, June and September
Estimated first year tuition A\$39,600

Entry requirements

A recognised three-year bachelor degree in any area. Applicants with relevant bachelor degree and relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning). More information can be found via degrees.unsw.edu.au/master-of-aviation-management

Graduate Diploma in Aviation Management

Program code 5741
Duration 1 year (online)
Entry February, June and September
Estimated tuition A\$39,600

Entry requirements

Minimum entry requirement is at least one year of relevant industry experience. Applicants with more experience may be eligible for advanced standing and complete the diploma in less time.

Biotechnology and Biomolecular Sciences

Science Graduate Diploma (Research)

Program code 5304
CRICOS code 081526K
Duration 1 year
Entry February and September (entry is dependent on the availability of a suitable academic supervisor)
Estimated tuition A\$44,640

The Science Graduate Diploma (Research) aims to give you specialised knowledge and research training in disciplines within the Faculty of Science. The Biotech & Biomolecular Science specialisation provides you with the option to study courses like Marine Microbiology, Research techniques and Advanced Topics in Biotechnology and Biomolecular Sciences.

Entry requirements

To be accepted for admission into the program, students are typically expected to have a bachelor degree with a good pass in a related but not necessarily directly relevant discipline to their chosen area of study.

Applicants with substantial professional experience which demonstrates an aptitude for research or significant understanding in a discipline area will be considered for admission. These students will need to include a written submission with their application detailing their professional experience and its relevance to undertaking a research program, and also a statement of service from their employer verifying the position, role and responsibilities, and duration of employment.

It is essential that you identify an appropriate academic supervisor in BABS and obtain their agreement prior to submitting an application. Once students have located a suitable supervisor, they should lodge an application.

Commercial Biotechnology

The online Graduate Certificate in Commercial Biotechnology is aimed at early to mid-career, science-trained professionals working in the Australasian biotechnology industry. Learn how to translate intellectual property and manage the process for commercial potential across the regulatory and cultural complexities of global markets. Graduate with essential business and technical capabilities required to capitalise on commercialisation opportunities within the sector.

Graduate Certificate in Commercial Biotechnology

Program code 7066
Duration 2 years part-time (online)
Entry June
Estimated first year tuition A\$22,320

Entry requirements

A bachelors degree in a bioscience related field.

Data Science and Decisions

UNSW's Data Science and Decisions programs are designed to produce professionals who are skilled in the manipulation and interpretation of large amounts of data. You will develop your data skills across three key areas – mathematics and statistics, computer science and economics – and be ready to meet the extraordinary demand from employers around the world for talented data scientists. The programs are taught by outstanding educators from the award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Master of Data Science and Decisions

Program code 8959
CRICOS code 0101866
Duration 2 years
Entry February and September
Estimated first year tuition A\$46,200

Entry requirements

A Bachelor of Mathematics; or a Bachelor of Science with a major in mathematics, statistics or computer science; or a Bachelor of Data Science and Decisions; or a suitable cognate degree as determined by the program authority.

In addition, applicants must have sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Diploma in Data Science and Decisions

Program code 5959
CRICOS code 0100703
Duration 1 year
Entry February and September
Estimated tuition A\$46,200

Entry requirements

A Bachelor of Mathematics; or a Bachelor of Science with a major in mathematics, statistics or computer science; or a Bachelor of Data Science and Decisions; or a suitable cognate degree as determined by the program authority.

In addition, applicants must have sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Certificate in Data Science and Decisions

Program code 7959
CRICOS code 0100702
Duration 0.7 years
Entry February and September
Estimated tuition A\$23,100

Entry requirements

A Bachelor of Mathematics; or a Bachelor of Science with a major in mathematics, statistics or computer science; or a Bachelor of Data Science and Decisions; or a suitable cognate degree as determined by the program authority.

In addition, applicants must have sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 65 or above in appropriate level III university courses.

Data Science

UNSW's Data Science programs are designed to develop advanced technical and mathematical skills to unpick complexities and make sense of the numbers. Courses cover programming, statistics and data systems to help you organise, identify and analyse, as well as boosting your decision-making techniques.

Master of Data Science

Program code 8646
Duration 2 years (online)
Entry January, March, May, July, August and October
Estimated first year tuition A\$34,140

Entry requirements

A bachelor degree with an average mark of 70% or above in a cognate discipline (computer science, mathematics or similar) or equivalent or a bachelor (honours) degree in any discipline with at least three level 3 and above courses in mathematics and statistics.

Graduate Diploma in Data Science

Program code 5646
Duration 1.4 years (online)
Entry January, March, May, July, August and October
Estimated tuition A\$35,040

Entry requirements

A bachelor degree with an average mark of 65% or above in a cognate discipline (computer science, mathematics or similar) or equivalent or a bachelor (honours) degree in any discipline with at least three level 3 and above courses in mathematics and statistics. Applicants with a degree in a non-cognate discipline and at least five years' experience in a data science or data analytics role may be considered for entry.

Graduate Certificate in Data Science

Program code 7446
Duration 0.7 years (online)
Entry January, March, May, July, August and October
Estimated tuition A\$22,980

Entry requirements

A bachelor degree with an average mark of 65% or above in a cognate discipline (computer science, mathematics or similar) or equivalent or a bachelor (honours) degree in any discipline with at least three level 3 and above courses in mathematics and statistics. Applicants with a degree in a non-cognate discipline and at least five years' experience in a data science or data analytics role may be considered for entry.

Marine Science and Management

Master of Marine Science and Management

Program code 8271
CRICOS code 085467F
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$44,640

Coastal management, marine ecology and conservation, and physical-biological oceanography and modelling are all part of the Master of Marine Science and Management. The degree is offered between UNSW and three Sydney Institute of Marine Science partner universities, taking you beyond traditional courses to address new approaches to marine science.

Entry requirements

The entry requirement for the MMarScMgt is one of the following:

- A Bachelor of Science degree with an average mark of 65% or greater. The BSc. degree may be in any discipline of Science; or

- A Bachelor of Science Honours degree in any Science discipline; or

- A Bachelor of Science degree with an average mark of 50-65% plus at least five years' professional experience in a relevant field of marine science or environmental science; or

- Any degree with an appropriate Science major with numerical or data handling skills plus at least five years' professional experience in a relevant field of marine science or environmental science.

Materials Technology

Master of Materials Technology

Program code 8717
CRICOS code 085912A
Duration 2 years
Entry February, June and September
Estimated first year tuition A\$44,640

The Master of Materials Technology (MMT) covers a broad spectrum of materials science and engineering. The program emphasises the application of the basic sciences to the understanding of the structure, properties and processing of materials. It provides a comprehensive study of the full range of materials, including ceramics, composites, metals and polymers.

Entry requirements

The minimum entry requirement for the Master of Materials Technology is one of the following:

- A three-year bachelor degree with a minimum average mark of 65%. The bachelor

degree needs to be in a cognate science or engineering discipline; or

- A graduate certificate or graduate diploma in the Materials Sciences with a minimum average mark of 65%; or

- An honours degree at a recognised university in cognate science or engineering discipline; or

- A bachelor degree with a minimum average mark of 50–65% plus approximately five years' professional experience in a relevant field such as in the materials processing or testing industry.

Mathematics

Master of Financial Mathematics

Program code 8161
CRICOS code 058739M
Duration 1.7 years
Entry February
Estimated first year tuition A\$44,640

Financial planning, analysing business risks and managing investment portfolios – all these disciplines rely heavily on mathematical modelling. The Master of Financial Mathematics offers high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.

Entry requirements

A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, and have sufficient mathematical/statistical background, as indicated by an average of 65% or above in level III mathematics/statistics university courses.

Master of Mathematics

Program code 8719
CRICOS code 080059G
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$44,640

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Mathematics provides intensive, high level training in all those aspects of mathematical sciences, with a flexible structure allowing you to build a program which best suits your interests.

Entry requirements

A Bachelor of Mathematics of a Bachelor of Science with a major in mathematics or statistics, and have sufficient mathematical/statistical background, as indicated by an average of 65% or above in level III mathematics/statistics university courses.

Master of Statistics

Program code 8750
CRICOS code 001008F
Duration 1.7 years
Entry February and September
Estimated first year tuition A\$44,640

A Bachelor of Mathematics of a Bachelor of Science with a major in mathematics or statistics, and have sufficient mathematical/statistical background, as indicated by an average of 65% or above in level III mathematics/statistics university courses.

Entry requirements

A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, sufficient mathematical/statistical background, and an average above 65% in relevant level III year university courses. It is expected that successful applicants should have taken real analysis, partial differential equations, numerical methods, probability, and stochastic processes and algebra. A formal online application must be made.

Graduate Diploma in Mathematics and Statistics

Program code 5659
CRICOS code 028077D
Duration 1 year
Entry February and September
Estimated tuition A\$44,640

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. The Graduate Diploma in Mathematics and Statistics is a flexible program intended to provide you with a degree involving a significant quantitative component. You can sample a variety of areas for specialisation in further study.

Entry requirements

A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, and have sufficient mathematical/statistical background, as indicated by an average of 65% or above in level III mathematics/statistics university courses.

Graduate Certificate in Mathematics and Statistics

Program code 7659
CRICOS code 056230A
Duration 0.7 years
Entry February and September
Estimated tuition A\$22,320

Are you interested in a maths and stats degree with a significant quantitative element, such as Science, Engineering or Finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program aimed at deepening your knowledge from undergraduate studies.

Entry requirements

A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, and have sufficient mathematical/statistical background, as indicated by an average of 65% or above in level III mathematics/statistics university courses.

Optometry and Vision Science

Master of Optometry

Program code 8073
CRICOS code 081122G
Duration 1.7 years
Entry February
Estimated first year tuition A\$40,800

The Master of Optometry program is designed to extend students' clinical skills, update and advance their knowledge in a range of clinical and theoretical areas of optometry and vision science. The program offers students opportunities to advance their disciplinary knowledge in areas including Ocular Disease, Contact Lenses, Visual Neuroscience, Occupational Optometry, Evidence-based Optometry, Community Eye Health and Myopia Management. The program provides a solid foundation for career progression in clinical practice and is also a well-recognised channel into research opportunities at UNSW.

This program does not include any clinical training and is not appropriate for people wanting to train for registration to practice as an Optometrist in Australia.

Entry requirements

Admission is limited to students with a minimum of a three-year undergraduate degree in optometry with a credit average (65% or above).

Students with an average between 60% to 65% will be considered for admission at the discretion of the Postgraduate Coordinator taking into consideration performance in Optometry courses completed in the undergraduate program.

Psychology

Please note it is unlikely your Australian postgraduate degree will qualify you to work as a psychologist in another country without completing further qualifications. Although the country you want to work in may give you some credit for your Australian qualifications, you are likely to need to complete additional studies.

Master of Psychology (Clinical)

Program code 8256
CRICOS code 001934A
Duration 2 years
Entry February
Estimated first year tuition A\$44,640

Adult, adolescent and child clinical psychology is the focus of the two-year Master of Psychology (Clinical). The program also emphasises cognitive-behavioural approaches to the understanding and management of clinical programs. You will complete a research thesis on a topic relevant to clinical or abnormal psychology.

Entry requirements

An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%) or equivalent.

Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Admission is based on academic merit, two referee reports, and performance at an interview. Interviews are held at UNSW in late November/early December, but may be offered remotely in limited circumstances.

Master of Psychology (Forensic)

Program code 8257
CRICOS code 028068E
Duration 2 years
Entry February
Estimated first year tuition A\$44,550

Over two years of the Master of Psychology (Forensic), you will study courses that cover psychological assessment, intervention in and applications of forensic psychology, professional and ethical practice, and law for psychologists. This program is primarily taught by the School of Psychology, with input from the School of Law.

Entry requirements

An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second class honours (75%) or their equivalents. Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Admission is based on academic merit, two referee reports, and performance at an interview. Interviews are held at UNSW in late November/early December, but may be offered remotely in limited circumstances.

Graduate Diploma in Psychology

Program code 5331
Duration 1.7 years (online)
Entry Six intakes throughout the year
Estimated first year tuition A\$44,640

The Graduate Diploma in Psychology enables graduates in other disciplines to complete an accredited three-year sequence in Psychology in 1.7 years, allowing them to progress to further accredited training in professional psychology. This program is delivered fully online and is accredited by The Australian Psychological Society Accreditation Council (APAC). This degree will provide you with a solid foundation in the principles of psychology, covering theoretical and contemporary issues with a focus on current empirical research. You will develop critical thinking and skills in analysis and research methods and gain an integrated and comprehensive education in the main discipline areas, including developmental, social, cognitive, biological, physiological, abnormal psychology and research methods.

Entry requirements

Students must hold an undergraduate bachelors degree in any discipline or a higher university qualification.

Minimum entrance requirements for admission to UNSW Sydney also apply.

Research programs

Master of Science by Research

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$45,600

Aviation (2905) *CRICOS code 042310E*
Biochemistry & Molecular Genetics (2460) *CRICOS code 000988F*
Biological Science (2485) *CRICOS code 000989E*
Biotechnology (2036) *CRICOS code 037084G*
Chemistry (2910) *CRICOS code 008972E*
Climate Sciences (2476) *CRICOS code 078548G*
Geography (2040) *CRICOS code 000982A*
Materials Science and Engineering (2055) *CRICOS code 000985J*
Materials Science and Engineering (Master of Engineering- Research) (2175) *CRICOS code 001890G*
Mathematics (2920) *CRICOS code 000984K*
Microbiology and Immunology (2490) *CRICOS code 000999C*
Optometry (2900) *CRICOS code 000994G*
Physics (2930) *CRICOS code 008973D*
Psychology (2450) *CRICOS code 000995G*
Vision Science (2487) *CRICOS code 071467K*

Entry requirements

An appropriate four-year bachelor degree with Honours from UNSW; or a tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - Science

Program code 2475
CRICOS code 059027B
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$45,600

Entry requirements

An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Specialisations

- Aviation
- Biochemistry and Molecular Biology
- Biological Science
- Biotechnology
- Chemistry
- Environmental Management
- Geoscience
- Microbiology and Immunology
- Optometry

Doctor of Philosophy

Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$45,600

Aviation (1900) *CRICOS code 031354F*
Biochemistry & Molecular Genetics (1410) *CRICOS code 001045A*
Biological Science (1435) *CRICOS code 012441J*
Biotechnology (1036) *CRICOS code 001013J*
Chemistry (1870) *CRICOS code 008976A*
Climate Science (1476) *CRICOS code 066586A*
Environmental Management (1425) *CRICOS code 079506K*
Geography (1080) *CRICOS code 001076E*
Geology (1000) *CRICOS code 008927K*
Materials Science and Engineering (1045) *CRICOS code 001019C*
Mathematics (1880) *CRICOS code 001041E*
Microbiology and Immunology (1440) *CRICOS code 015804G*
Optometry (1860) *CRICOS code 001060B*

Psychology (1400) *CRICOS code 001047K*
Vision Science (1487) *CRICOS code 070978F*

Entry requirements

An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities.

If you are interested in undertaking research in an area of interest with one of our schools, please contact the relevant staff member below:

Doctor of Philosophy/Master of Psychology

CRICOS code 028106D
Duration 4 years
Entry February
Estimated first year tuition A\$45,600

Psychology (Clinical) (1404)
Psychology (Forensic) (1405)

Entry requirements

• An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%) or equivalent.

• Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited

sequence of study in psychology completed in Australia.

• Admission is based on the availability of adequate supervision and research infrastructure, academic merit, two referee reports and performance at an interview. Interviews are held at UNSW in late November/early December, but may be offered remotely in limited circumstances.

Professional Doctorate - Clinical Research in Optometry

Program code 1747
CRICOS code 093084K
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$45,600

Standard Entry Pathway:

- A minimum 1 year post-qualifying professional experience in clinical practice;
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A first or upper-second class (distinction) honours degree in Optometry or in a cognate discipline.

Advanced Standing Entry Pathway:

- A minimum 1 year post-qualifying professional experience in clinical practice;
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC consisting of methodology training and a stand-alone research project.

The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 & 105 for further information or contact us on international_grs@unsw.edu.au

International students are not eligible for an Australian student visa for this program.

UNSW Canberra

Access UNSW's outstanding teaching quality and reputation for research excellence to achieve the outcomes you seek.

Global connections

Join a network that includes some of the most influential people in Australia. Take advantage of UNSW Canberra's deep links with industry, government and a highly connected alumni network.

Leading experts

Our teaching academics are leading experts in their field, drawing on strong academic backgrounds with many years of experience. Many are leaders in their field, both nationally and internationally.

Flexible learning

UNSW Canberra offers fully online, flexible masters programs study options for our postgraduate coursework student, and excellent facilities and a supportive and stimulating environment for our postgraduate research students.

UNSW Canberra Postgraduate coursework programs

Courses within the Master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM).. International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa, but may undertake intensive delivery mode courses on a visitor visa to Australia.

Business

Master of Business

Program code 8388
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors including defence. It provides students with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills they can use throughout their career.

Distance Mode (online)

Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as 'online courses', as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM)

Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visas to Australia in order to attend IDM courses.

Capability

Master of Capability Management

Program code 8399
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Capability Management gives students a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

Master of Decision Analytics

Program code 8634
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A\$39,120

The Master of Decision Analytics is designed for students who want to develop a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows students to acquire qualitative and quantitative decision-making tools for analysing complex operations environments and making appropriate decisions within those environments.

Cyber Security

Master of Cyber Security

Program code 8628
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A\$39,120

The Master of Cyber Security coursework degree provides detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the generalist Master of Cyber Security program or one of the following specialisations:

- Digital Forensics
- Advanced Tradecraft

Master of Cyber Security Operations

Program code 8629
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Cyber Security Operations gives students a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW's PLuS Alliance partnership, our students have access to courses at Arizona State university (ASU) in USA and King's College in the UK.

Master of Cyber Security, Strategy and Diplomacy

Program code 8631
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW's PLuS Alliance partnership, our students have access to courses at Arizona State University (ASU) in the USA and King's College in the UK.

Engineering Science

Master of Engineering Science

Program code 8569
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Engineering Science provides the opportunity to acquire high-level understanding and advanced analytical skills in areas that span the engineering disciplines as well as project management. There is strong emphasis on extending undergraduate skills and vocational experiences to enable graduates to apply high-level understanding to real-world complex engineering problems. It is a very flexible degree where students can acquire knowledge in different areas in engineering.

Master of Systems Engineering

Program code 8567
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program.

Logistics Management

Master of Logistics Management

Program code 8564
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops students' understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

People Management

Master of Strategic People Management

Program code 8563
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

Project Management

Master of Project Management

Program code 8595
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Project Management provides students with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable graduates to apply their high-level understanding to real-world problems within any industry.

Special Operations

Master of Special Operations and Irregular Warfare

Program code 8632
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia, and is developed by Special Operations Command personnel in conjunction with UNSW academics.

Strategy and Security

Master of Strategy and Security

Program code 8572
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Strategy and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government's new security agenda.

Sustainment Management

Master of Sustainment Management

Program code 8566
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A\$39,120

The Master of Sustainment Management provides students with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop ability to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

Public Leadership

Master of Public Leadership and Policy

Program code 8633
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Public Leadership and Policy concentrates on exercising and enriching leadership in professional contexts ranging from government departments and statutory authorities, to educational bodies and training authorities, media organisations and advocacy groups. You will be able to combine courses focused on public leadership along with electives addressing broader issues related to local, national, and global policy.

Security and Defence Management

Master of Security and Defence Management

Program code 8573
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

War Studies

Master of War Studies

Program code 8571
Duration 1 year (online)
Entry March and July
Estimated tuition A\$39,120

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretive skills within a wide range of military-related courses.

Space

Master of Space Engineering

Program code 8622
Duration 1 year (online and IDM)
Entry March and July
Estimated tuition A\$39,120

The Master of Space Engineering is designed for those who wish to develop a high-level understanding of the principles and practices of engineering related to space systems. You will obtain a grounding in the discipline of systems engineering, and apply that body of knowledge to space systems.

Master of Space Operations

Program code 8624
Duration 1 year (online with IDM options)
Entry March and July
Estimated tuition A\$39,120

The Master of Space Operations is designed for those who wish to examine issues in space operations and aspects of space applications. This degree will allow students to develop a high level of understanding of the issues associated with the planning, operation and acquisition of space systems.

International students are not eligible for an Australian student visa for this program.

International students are not eligible for an Australian student visa for this program.

UNSW Canberra Higher Degree Research Programs

Students who would like to undertake a more thorough exploration of a field or topic can do so through a higher degree research program. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD). The major

component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. A research student works more independently than a postgraduate coursework student, but is under the direction of an academic supervisor or a supervisory panel of academic staff. Offshore international

students are eligible for an Australian student visa.

Full details on all research programs, applications, scholarships and support services can be found at: unsw.adfa.edu.au/study/postgraduate-research

Research programs

Master of Arts by Research

Program code 2406
CRICOS code 085772G
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Business by Research

Program code 2223
CRICOS code 093557D
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Engineering by Research

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$36,960

Aerospace Engineering (2693)
CRICOS code 085754K

Civil Engineering (2651) *CRICOS code 085777C*

Electrical Engineering (2663)
CRICOS code 085778B

Mechanical Engineering (2691)
CRICOS code 085779A

Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Science by Research

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$36,960

Chemistry (2911) *CRICOS code 085792D*

Computer Science (2925)
CRICOS code 085780G

Geography (2041) *CRICOS code 085797K*

Mathematics & Statistics (2921)
CRICOS code 085781G

Oceanography (2042) *CRICOS code 085798J*

Physics (2931) *CRICOS code 085791E*

Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Master of Philosophy

Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A\$36,960

Aerospace, Civil and Mechanical Engineering (2227) *CRICOS code 085763J*

Business (2226) *CRICOS code 085762K*

Humanities and Social Science (2225)
CRICOS code 085761M

Information Technology and Electrical Engineering (2228) *CRICOS code 085767E*

Physical, Environmental and Mathematical Science (2229) *CRICOS code 085768D*

Entry requirements

- An appropriate four-year UNSW Bachelor degree with lower second honours or higher; or
- An equivalent qualification from a tertiary institution, as determined by the Faculty Higher Degree Committee (HDC).

Professional Doctorate - Cyber Security

Program code 1748
CRICOS code 093558C
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

Professional Doctorate - Information Technology

Program code 1743
CRICOS code 085796M
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

Professional Doctorate - Project Management

Program code 1742
CRICOS code 085770K
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

Professional Doctorate - Philosophy

Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Aerospace Engineering (1663)
CRICOS code 085748G

Chemistry (1871) *CRICOS code 085793C*

Civil Engineering (1631) *CRICOS code 085782F*

Computer Science (1885) *CRICOS code 085783E*

Cyber Security (1749) *CRICOS code 093555F*

Economics and Management (1541)
CRICOS code 085784D

Electrical Engineering (1643) *CRICOS code 085785C*

English (1201) *CRICOS code 085786B*

Geography (1081) *CRICOS code 085799G*

History (1241) *CRICOS code 085788M*

International and Political Studies (1321)
CRICOS code 085790F

Professional Doctorate - Public Leadership

Program code 1751
CRICOS code 095832G
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

Mathematics and Statistics (1881)
CRICOS code 085794B
Mechanical Engineering (1661)
CRICOS code 085789K
Oceanography (1082) *CRICOS code 085800J*
Physics (1892) *CRICOS code 085795A*
Project Management (1615) *CRICOS code 085776D*
Southeast Asian Social Inquiry (1203)
CRICOS code 085801G
System Engineering (1620) *CRICOS code 085775E*

Entry requirements

- An appropriate UNSW Bachelor degree with upper second class Honours; or
- A completed Masters by Research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality research thesis; or
- An equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee (HDC).

Professional Doctorate - Public Management

Program code 1739
CRICOS code 096627D
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

Professional Doctorate - Systems Engineering

Program code 1741
CRICOS code 085769C
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A\$36,960

Entry requirements

- An appropriate UNSW Bachelor degree or an equivalent qualification from another tertiary institution; and
- Completion of qualifying program (Masters with discipline specific) to an approved standard (Distinction average or better); and
- Professional experience.

➤ The Graduate Research School Admissions and Scholarships team provides advice and support to all applicants for admission to a UNSW Higher Degree Research program or scholarship. Go to page 104 for further information or contact us on international.grs@unsw.edu.au

Postgraduate coursework

Applying is easy.

> Step 1

Choose your program

Choose your program at international.unsw.edu.au or from UNSW's International Student Guide and make a note of the program code.

> Step 2

Check your entry requirements

You need to satisfy your chosen program's entry requirements (see from page 40 for the requirements specific to your program). You also need to satisfy UNSW's English language requirements (see page 104 and visit unsw.edu.au/e1p

> Step 3

Submit your application online

Submit your application at UNSW Apply Online apply.unsw.edu.au. Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.

> Step 4

Track your application

Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Once you have provided all the necessary documentation, it should take two to three weeks for UNSW to assess your application.

> Step 5

We will send you a letter of offer

We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

> Step 6

Accept your offer

If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic confirmation of enrolment (eCoE).

> Step 7

Enrol online

Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online acceptonline.unsw.edu.au

Need help?

If you have any questions regarding your application, go to enquiry.unsw.edu.au

Other ways to apply

You can also apply to UNSW at a conference or event where we are present, or through a UNSW agent located in your country. Find out more at international.unsw.edu.au

Application deadline

We encourage you to submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs, such as Engineering and faculties with limited places such as Medicine, may have an earlier application deadline or may have an earlier commencement date.

For more information go to applyonline.unsw.edu.au

UNSW Canberra	6.5 overall (min. 6.0 in each subtest)	90 overall (min. 23 in writing, 22 in reading, listening and speaking)	64 overall (min. 54 in each subtest)	176 overall (min. 169 in each subtest)	180 overall (min. 180 in each subtest)	Successful completion with a minimum overall grade of C+ and a minimum grade of C in the writing component.

Coursework scholarships.

For the best of the best.

A wide range of scholarships are available for international students.

UNSW postgraduate coursework scholarships

UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at Australia's global university. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities such as leadership skills or contributions to the wider community.

To be considered for a scholarship, you must submit a separate application in addition to your admission application for UNSW.

Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Australian government scholarships

Australia Awards are international scholarships and fellowships funded by the Australian government offering the next generation of global leaders an opportunity to undertake study, research, and professional development. For more information, go to australiaawards.gov.au

> Step 1 Search

Visit scholarships.unsw.edu.au. Make sure you select 'International' in the Residency search box to see the list of scholarships available to you.

> Step 2 Register

Before applying for your chosen scholarship, first register an account by following the instructions on the page. You need to have lodged an application for admission at UNSW to be able to register and apply for a scholarship.

> Step 3 Apply

To apply, log in using your registered login and password. Double-check the requirements as some scholarships may have specific questions or require supporting documentation.

> Step 4 Submit

Submit your application by the due date. Don't forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships go to: scholarships.unsw.edu.au

Higher Degree Research

UNSW is one of the world's leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

Why UNSW?

UNSW prepares you for a research career, not just a degree. When you join UNSW, you become an essential part of the research community and play a vital role in the University's research culture, output and performance.

Our world class researchers are pioneers in both established and emerging fields who solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in an environment of excellence.

UNSW Sydney's research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW's Higher Degree Researchers have the opportunity to translate their research in collaboration with a range of industry partners. The partners include small to medium sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

The Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Eligibility

Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

Use the UNSW HDR Self-Assessment Tool to determine your eligibility and your competitiveness for a scholarship at selfassessment.research.unsw.edu.au

If your results indicate that you are eligible for admission and/or competitive for a scholarship, you will need to submit an application to be formally assessed by the University.

UNSW Main Walkway

Applying is easy.

Step 1

Check your eligibility and complete the HDR self-assessment at selfassessment.research.unsw.edu.au

Step 2

Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest.

Visit research.unsw.edu.au/finding-supervisor

Step 3

Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest instead. Please check specific requirements at research.unsw.edu.au/finding-supervisor

Step 4

Work with your supervisor to develop a description of your research interests, which should be approximately one page in length and outline how you plan to address a specific problem.

Step 5

Prepare your supporting documents - supervisor's agreement, research proposal, resume, academic transcripts, financial declaration and proof of English — ready for submission.

Visit research.unsw.edu.au/submit-application

Step 6

Submit your application online and apply for any relevant scholarship at the same time.

Visit applyonline.unsw.edu.au

Research scholarships.

A wide range of scholarships are available for international students.

Scholarships

UNSW offers a wide range of prestigious scholarships. The scholarships provide benefits such as annual living stipends and tuition fee cover, as well as funding and supplements for travel.

Eligibility

Full scholarships are only available to applicants who hold a four-year bachelor degree with Honours Class 1 from an Australian institution, or an equivalent research qualification/experience. This qualification must be in a field relevant to your area of research.

Apply

You can apply for a scholarship within your online research degree application.

Available scholarships

The UNSW scholarships available to international students are:

Australian Government Research Training Program (RTP) International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

University International Postgraduate Award (UIPA)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

Tuition Fee Scholarship (TFS) plus a Research Stipend

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years.

UNSW and home country joint scholarships

Available to students from China, Pakistan and Chile. Visit research.unsw.edu.au/unsw-home-country-joint-scholarships for more information.

UNSW Scientia PhD Scholarship scheme

These prestigious scholarships are based on research merit, research potential, global impact and social engagement, and potential for career development. These awards provide successful applicants undertaking a PhD with a tax-exempt living allowance and an annual development support package, in addition to covering tuition fees for 4 years.

The Scientia PhD Scholarship scheme has a different application process and eligibility criteria to other UNSW scholarships. For more information on how to apply for a Scientia Scholarship, please visit 2025.unsw.edu.au/apply/?interest=scholarships

Visit research.unsw.edu.au/graduate-research-scholarships for more information.

UNSW English Pathways

What is an English pathway?

UNSW Global's English pathway courses are designed to help you improve your skills so you can meet the UNSW English language entry requirements. They also prepare you for success at university and in your global career.

If you want to study an academic pathway program, or an undergraduate or postgraduate degree, there's an English pathway for you.

Why Study an English Pathway at UNSW Global?

- Study at Australia's first university languages centre
- Learn from 50 years of experience in language teaching
- Join over 4,000 students who study the courses each year
- Access world-class university facilities and social surroundings and study at UNSW Sydney campuses

Depending on your current level of English, there are different English pathway courses available to you.

Study

University English Entry Course
(10, 15, 20 weeks)

Why study the University English Entry Course (UEEC)?

- Improve your academic English language, literacy and digital skills, giving you a strong head start at UNSW.
- Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
- Prepare for university with UEEC - gain a range of learning skills, research and writing processes, access academic information and UNSW's learning resources.
- Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
- Develop collaborative and independent learning skills through hands-on, supportive lessons.
- Receive individual feedback every week, so you know exactly what to practise and how to improve.
- Build your confidence and practise communication for real university situations while you get to know UNSW.

For more information, visit unswglobal.unsw.edu.au/ueec

Tertiary Orientation Program

If you have a full offer from UNSW and an IELTS 6.5 or equivalent, UNSW Global's *Tertiary Orientation Program* (TOP) will help you prepare for Australian university culture, understand requirements and develop academic English skills to maximise your success. This 5-week course will develop your academic communication and literacy skills and improve your cultural awareness.

Why study the Tertiary Orientation Program?

- Develop and present strong academic arguments on issues in your field of study.
- Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
- Prepare for university by developing your listening skills, and improving the fluency and speed of your reading.
- Become an independent learner and build your confidence through a range of communication activities.

For more information, visit unswglobal.unsw.edu.au/top

In addition to English language courses we provide English language testing, teacher training and courses in a variety of other languages.

For more information, visit unswglobal.unsw.edu.au/english-language-courses

Tuition fees and other expenses

Tuition fees for postgraduate coursework programs

Each degree is different and so are the costs. This guide gives you an idea of what your fees could be.

Faculty	2020 (A\$/UOC)	2021 (A\$/UOC)*
Art & Design	\$775	\$800
Arts & Social Sciences	\$760	\$785
Interpreting & Translating (MODL)	\$795	\$820
Media (MDIA)	\$795	\$820
Business School		
All coursework programs except MBA (8350)	\$1005	\$1035
MBA (8350)	\$900	\$925
Built Environment		
All coursework programs except the Master of Architecture (8143)	\$810	\$835
Master of Architecture (8143)	\$875	\$900
Engineering	\$985	\$1015
Law		
All coursework programs except Juris Doctor (9150)	\$915	\$940
Juris Doctor (9150)	\$965	\$995
Medicine		
Public Health and Community Medicine	\$985	\$1015
Women's Health and Reproductive Medicine, Forensic Mental Health, Pharmaceutical Medicine	\$655	\$675
Science		
All coursework programs except Aviation and Optometry programs (5741, 8073, 8095, 8741)	\$930	\$960
Aviation programs (5741, 8741)	\$825	\$850
Optometry program (8073, 8095)	\$850	\$875
UNSW Canberra	\$815	\$840
Nura Gili	\$745	\$770

* Indicative fee only.

ENTRY TO UNSW

Because each student's study choices are different, it is impossible to provide a definitive cost of studying at UNSW.

Here are a few things to consider when calculating your expected fees.

Fees are course-based

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

Fees vary each year

Fees for programs change from year-to-year. The tuition fees above are for students in 2020. The fees for 2021 are indicative only; these fees may change during the program. Actual fees for 2021 will be released in late 2020. For more information, visit student.unsw.edu.au/fees

Fees are charged based on the year of commencement

For example, if you start in Term 3 (September) 2020, the fees for the first term will be calculated at 2020 rates. Your second term will be calculated at 2021 rates. If you are required to complete a course again, you will be charged at the rate applicable to the year you re-take the course.

Estimating your tuition fees

Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 40. You can also calculate your own expected fees by referring to the table above.

Tuition fees for postgraduate research programs

Faculty	2020 (A\$/UOC)	2021 (A\$/UOC)*
Art & Design	\$770	\$795
Arts & Social Sciences	\$710	\$730
Business School	\$730	\$750
Built Environment	\$795	\$820
Engineering	\$1000	\$1030
Law	\$905	\$930
Medicine		
Band 1: Master by Research and PhDs in Public Health	\$850	\$875
Band 2: All other disciplines in Medicine	\$1035	\$1065
Science	\$950	\$980
UNSW Canberra	\$770	\$795

* Indicative fee only.

Coursework program fees

A coursework masters program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is A\$930 per UOC in 2020.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit student.unsw.edu.au/fees-policy-international-students

Other study-related costs

Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around A\$1,000 per year for books.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs

Living costs vary depending on each student's requirements. We estimate a single international student will need a minimum A\$22,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least A\$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

For more information, visit studyinaustralia.gov.au/global/live-in-australia/living-costs

Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

There are five registered providers of OSHC

The five registered providers are Medibank Private (UNSW's preferred overseas student health cover provider), Allianz Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank's policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

US financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit international.unsw.edu.au/for-us-students

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au

Important information about Online/Distance Learning for Student Visa Holders & US Federal Direct Loan recipients:

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa, however, places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period:

- 67% or more of your total program must be completed in a face-to-face setting
- You must enrol in at least one face-to-face course in each compulsory study period

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

DISCLAIMER: UNSW programs, courses and any arrangements for programs and fees including staff allocated, as stated in the guide or any other University publication, announcement or advice of the University, are an expression of intent only and are not to be taken as a firm offer or undertaking. The University reserves the right to make alterations to any matter contained within this publication without notice. Information in this Guide is accurate as of March 2020, but may be amended without notice by the University. All costs and fees are provided in Australian Dollars (A\$). Any agreement with the University does not remove the right to take action under Australia's consumer protection laws.

COMPLIANCE: The Education Services for Overseas Students (ESOS) Act 2000 sets out the legal framework governing delivery of education to overseas students studying in Australia on a student visa. UNSW in providing education services to overseas students complies with the ESOS Framework and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018 (The National Code).

A description of the ESOS framework can be found at the following link: internationaleducation.gov.au/Regulatory-Information/Pages/regulatoryinformation.aspx

We look forward to welcoming you.

Held just before the start of term, Orientation Week (or O-week as it is often known) is a great time to learn more about life on campus and make new friends. It's jam packed with activities and workshops to get you ready for life at UNSW.

You can take a tour of the campus, get involved in clubs, register for social sport and find out all about the opportunities available to you as a UNSW student.

So make sure you get along to O-Week to get yourself set up and ready to go on the first day of term.

Find out what it's all about at arc.unsw.edu.au/o-week

Campus tours

Run all year round, our campus tours are guided by experienced Student Ambassadors who will give you a first-hand insight into the student experience at UNSW. To view our upcoming tour dates and register your attendance, visit unsw.to/campus-tours
